**A Fire Chaplains Manual** Inc New York State Association of Fire Chaplains,1998\* *Chaplains Manual: Fire Department Funerals* Federation of Fire Chaplains,1994 This manual is not intended to be all inclusive in content or dogmatic in approach There are many local customs and procedures that may be used during the funeral process It is designed to provide a significant amount of information covering a broad spectrum of subjects From this information the chaplain may choose what best fits his particular situation and adapt it as necessary There are two keys to conducting a good fire department funeral Show honor to the fallen firefighter and care for his family If these two things are accomplished the chaplain has done his job well *A Manual for the Ministry of Fire Service Chaplaincy for the Fundamental Pastor* David A. Oliver,2011 The purpose of this dissertation is to provide a concise summary manual for basic fire service chaplaincy This work is intended to function as a comprehensive first step resource for someone investigating the possibility of ministering as a fire service chaplain It can also serve as a basic guide for the veteran fire chaplain This manual will introduce the ministry of fire chaplaincy to interested clergy outline what the ministry of fire chaplaincy entails describe the essentials of how to conduct the ministry of fire chaplaincy and answer the theological and ethical questions regarding fire chaplaincy that present themselves to the fundamentalist Christian minister Statement of purpose *The army chaplain's manual* J.P. Hammond, **Resources for Fire Department Occupational Safety and Health** Steven N. accommodation evangelism and proselytizing public prayer and spiritual fitness provoked heated controversy among chaplains as well as civilians in the ensuing decades Then early in the twenty first century chaplains themselves experienced two crisis situations one the result of the Vietnam era antichaplain critique the other a consequence of increasing religious pluralism secularization and sectarianism within the Chaplain Corps as well as in the army and the civilian religious community By focusing on army chaplains evolving sometimes conflict ridden relations with military leaders and soldiers on the one hand and the civilian religious community on the other Loveland reveals how religious trends over the past six decades have impacted the corps and in turn helped shape American military culture
