

## Defining Charisma

If one asked what Hitler, Martin Luther King Jr., Stalin, Mahatma Gandhi, Genghis Khan, and Jesus Christ have in common, it would not be an easy question to answer. They had completely different perspectives and values, they vied for absolutely opposite social changes. They had certain characteristics, though, that made them leaders in their spheres. All of them were charismatic, influencing large masses of people. The history of humankind provides us with multiple examples of charismatic personalities in different fields - religion, politics, and creative mediums. The term charisma itself does not have a negative or positive connotation. Most people believe charisma to be supernatural. **But charisma can be viewed from different perspectives and the understanding of this word differs in theology, social, political, and psychological studies.**
