Extended Response Questions

If you are fully prepared for your exam you will be able to answer all of the extended responses in this booklet under exam conditions.

Give yourself 10 minutes per extended response and mark them using your homework jotter or against any extended responses you have done on paper.

Reminder - the unstructured questions have marks for relevance and coherence.

Relevance - you must only include information related to the question (even if what you put is correct). You must also not include any incorrect information.

Coherence - your answer must be laid out in a logical way and written in full sentences. You may include diagrams but you must back them up with explanations. The best way to make sure you get this mark is to make a PLAN first.
