These stories about Megan will appeal to anyone who has an interest in psychic powers, the supernatural and the paranormal and is between the ages of ten and a hundred years old. In Megan's School Exams it is exam time for Megan, our psychic teenager and she is very nervous because she has never sat a real exam before. She is worried that she will let everyone down especially her parents and teachers because they all consider her bright. How ever will she get over this serious impediment to her future.
