[A Barbecue Fiesta](#) James Kentun,2017-06-15 Barbecue or barbeque can both be referred to as a cooking method or an apparatus The process of making a barbecue is done slowly over low and indirect heat It is a dry heat cooking procedure that is used to cook meat fish and other ingredients over smoke burning charcoal and fire The smoking process adds flavor to the meat or fish being barbecued In this book A Barbecue Fiesta i will share with you seventy of my favourite

and rare barbecue recipes These recipes are very simple to make and cost effective. It's from it I pull out any recipe to make when I have plans to hang out with my buddies or when I am having my family over the weekend. Why should you choose barbecuing over other methods of cooking? For one, do you know that when you barbecue a meat, you eat less fat? Yes, you've heard that right: whenever you barbecue, the excess fat drips off from the grill grates compared to when you have to cook in a pan or cook pot where the fat has nowhere to go and is eventually reabsorbed by the meat. When you grill vegetables, the minerals and vitamins are retained, especially with low water vegetables. Cooking your vegetables using this method is nutritionally advantageous than frying or boiling. Likewise, when you prepare meat or fish over a barbecue, it actually preserves more thiamine and riboflavin. Each of these nutrients plays an important role in maintaining a healthy diet, besides the numerous individual benefits they provide. Enjoying all of the above mentioned has never been easier; it just takes a trier or two, and you will see beyond the nutritional and health benefits and get stuck on the distinctive and delicious taste.

California Cookbook by Kathleen Devanna Fish, 2000. Since its first edition in 1993, this book has become Bon Vivant Press's perennial best seller, not only in gift and gourmet venues but in bookstores as well. And yet it remains a very personal book filled with personal choices of great chefs, restaurants, and recipes that exemplify the best cooking in California. As with all of the Cooking Series™ books, no one paid or was paid to be included. Each chef was hand-selected and invited to participate. Restaurants change, chefs change, tastes change. But one thing remains constant: good taste, delicious taste, with style, elegance, and perhaps most important, ease, simplicity, health, and a preparation time that respects our on-the-go lifestyle. Yet this is so much more than simply a California cookbook. This Publishers Marketing Association Ben Franklin Medal Winner allows you to get to know the chefs, to hear what they have to say about cooking, about ingredients, about methods, and what they like to chat about when they dine out. To put things into perspective, we have included A Culinary Tour, a section that guides you through the origins of California cooking. We take a quick tour of our favorite cities and sights to visit, and we include a listing of all the featured restaurants, so you'll know where to visit our chefs and taste their creations. A map helps you to get there.
