Australian Official Journal of Patents ,2003-05-29 *Resources in education* ,1982-11 *How Terrorist Groups End*
Seth G. Jones,Martin C. Libicki,2008-07-17 All terrorist groups eventually end But how do they end The evidence since 1968
indicates that most groups have ended because 1 they joined the political process 43 percent or 2 local police and
intelligence agencies arrested or killed key members 40 percent Military force has rarely been the primary reason for the
end of terrorist groups and few groups within this time frame have achieved victory This has significant implications for
dealing with al Qa ida and suggests fundamentally rethinking post 9 11 U S counterterrorism strategy Policymakers need to
understand where to prioritize their efforts with limited resources and attention The authors report that religious terrorist
groups take longer to eliminate than other groups and rarely achieve their objectives The largest groups achieve their goals
more often and last longer than the smallest ones do Finally groups from upper income countries are more likely to be left
wing or nationalist and less likely to have religion as their motivation The authors conclude that policing and intelligence
rather than military force should form the backbone of U S efforts against al Qa ida And U S policymakers should end the use
of the phrase war on terrorism since there is no battlefield solution to defeating al Qa ida **Railway Signaling and
Communications** ,1961 Exemplarity and Allusion in Macrobius' Saturnalia Katherine Krauss,2026-01-10 This book
builds a new framework for interpreting the use of classical source material in Macrobius Saturnalia It argues that the
Saturnalia an educational dialogue long dismissed as a nostalgic compilation looking back to the pagan classical past
engages with its literary models in a sophisticated and dynamic way and can shed light on allusive techniques in Greco
Roman literature more broadly Throughout the Saturnalia Macrobius responds to the aesthetic and social norms of his
predecessors a process which this volume terms ethical allusion His ethical allusions do not have a single function but
encompass a range of creative and critical interactions with Greco Roman authors most prominently Aulus Gellius Cicero
Plato and Virgil By reflecting on the relevance of earlier ethical and aesthetic codes for his contemporary moment Macrobius
makes unique contributions to pressing social and literary questions in Late Antiquity about the changing notions of class and
enslavement luxury gender and the value of Virgilian poetry Ethical allusion thus furnishes a richer and more precise picture
of the Saturnalia s place within the late Latin literary landscape It also offers a new model for understanding allusions in
Greco Roman texts one which takes fuller account of the social political and aesthetic work done by ancient literary
production Horticultural Abstracts ,1989 *North San Pablo Bay Restoration and Reuse Project (North Bay Water
