## **Julios Day Gilbert Hernandez:**

**Julio's Day** Gilbert Hernandez, 2013-04-20 It begins in the year 1900 with the scream of a newborn It ends 100 pages later in the year 2000 with the death rattle of a 100 year old man The infant and the old man are both Julio and Gilbert Hernandez s Julio s Day originally serialized in Love and Rockets Vol II but never completed until now is his latest graphic novel a masterpiece of elliptical emotional storytelling that traces one life indeed one century in a human life through a series of carefully crafted consistently surprising and enthralling vignettes There is hope and joy there is bullying and grief there is war so much war this is after all the 20th century there is love there is heartbreak This is very much a singular standalone story that will help cement Hernandez s position as one of the strongest and most original cartoonists of this or any other century

**Picturing the Barrio** David William Foster, 2017-07-19 Mexican American life like that of nearly every contemporary community has been extensively photographed Yet there is surprisingly little scholarship on Chicano photography Picturing the Barrio presents the first book length examination on the topic David William Foster analyzes the imagery of ten distinctive artists who offer a range of approaches to portraying Chicano life The production of each artist is examined as an ideological interpretation of how Chicano experience is constructed and interpreted through the medium of photography in sites ranging from the traditional barrio to large metropolitan societies These photographers present artistic as well as documentary images of the socially invisible They and their subjects grapple with definitions of identity as well as ethnicity and gender As such this study deepens our understanding of the many interpretations of the Chicano experience

Reading Comics Through The Body Gareth Brookes, 2026-03-15 This book is about what happens to comics theory when we privilege the relationship between materiality and the body in the analysis of comics Focusing on

how these factors relate to making technological reproduction and the experience of reading comics it aims to establish a new theoretical model for comics studies Through a close consideration of how technologies of reproduction translate material and embodied traces into the surface of comics the book argues that tactile and haptic encounters with these surfaces can organise the narrative structure of comics and affect the experience of reading them The book aims to establish that comics can be thought of as networked sites of embodied encounter in which embodied responses become a register of meaning

**Alternative Comics** Charles Hatfield, 2009-11-12 In the 1980s a sea change occurred in comics Fueled by Art Spiegelman and Francoise Mouly's avant garde anthology *Raw* and the launch of the *Love Rockets* series by Gilbert Jaime and Mario Hernandez the decade saw a deluge of comics that were more autobiographical emotionally realistic and experimental than anything seen before These alternative comics were not the scatological satires of the 1960s underground nor were they brightly colored newspaper strips or superhero comic books In *Alternative Comics: An Emerging Literature* Charles Hatfield establishes the parameters of alternative comics by closely examining long form comics in particular the graphic novel He argues that these are fundamentally a literary form and offers an extensive critical study of them both as a literary genre and as a cultural phenomenon Combining sharp eyed readings and illustrations from particular texts with a larger understanding of the comics as an art form this book discusses the development of specific genres such as autobiography and history *Alternative Comics* analyzes such seminal works as Spiegelman's *Maus* Gilbert Hernandez's *Palomar* *The Heartbreak Soup Stories* and Justin Green's *Binky Brown Meets the Holy Virgin Mary* Hatfield explores how issues outside of cartooning the marketplace production demands work schedules can affect the final work Using Hernandez's *Palomar* as an example he shows how serialization may determine the way a cartoonist structures a narrative In a close look at *Maus* *Binky Brown* and Harvey Pekar's *American Splendor* Hatfield teases out the complications of creating biography and autobiography in a substantially visual medium and shows how creators approach these issues in radically different ways

**The Best American Comics 2006** Harvey Pekar, Anne Elizabeth Moore, 2006 Collects original comic strips from American authors and illustrators published in 2007 in graphic novels newspapers magazines and on the Internet
