

## How to write an Extended Response

1. **Actively read the question before you do anything else!**
  - Underline the subject of the essay and mark it with an **S**
  - Underline the topics of your body paragraphs and mark them with a **T.S.**
  - In the **Bullets** sections, find and mark your points by underlining the key words and putting a **^** near each point.
2. **Outline your body paragraphs on the planning page.** You will have either 2 or 3 body paragraphs and you could have either 2 or 3 points in each. Since you just actively read your question, you should know exactly what you need to outline.
  - Remember, the extended response is "scaffolded." That means that the details in your graphic organizer and short responses are the details that you build on/use in your essay.
  - Be **VERY SPECIFIC!** GO BACK to your **NOTES** or the **TEXTS** to get specific details! Don't trust your memory.
  - Keep your outline short! Only use 1-4 words per line. Remember, the outline is to guide you in writing your essay. It isn't the essay itself.
  - Spend no more than 10 minutes actively reading the question and outlining.
3. **Write your introduction paragraph.** Every introduction paragraph has at least four sentences. Think of an introduction as being shaped like an upside down triangle. You start general (wide) and narrow to your point.
  - 1<sup>st</sup> sentence = **GENERAL OPENING STATEMENT** (also called the warm up or the motivator). This is where you introduce the **SUBJECT** of your essay. This should be found in the question, and you should have marked it during active reading. 

ALL
-----
  - 2<sup>nd</sup> sentence = **NARROWED STATEMENT** this is where you begin to limit your subject so that you can introduce more specific topics. 

SOME
------
  - 3<sup>rd</sup> sentence = **ROADMAP**. This is where you explain what the topics of your body paragraphs will be. If you have 2 body paragraphs, then you must introduce 2 topics in your roadmap sentence. If you have 3 body paragraphs, then you must introduce 3 topics in your roadmap sentence. Etc. 

THESE 2 or 3
--------------
  - 4<sup>th</sup> sentence = **THESIS STATEMENT** (also called the **CONTROLLING IDEA**) This is where you express your opinion that you are going to be writing about. However, **NEVER USE 1<sup>ST</sup> PERSON!** State your opinion as if it was fact. 

OPINION STATED AS FACT

*Classroom Assessment* Lorin W. Anderson, 2003-02-26 This book is based on the belief that decision making is perhaps the most critical of all teaching skills and that good assessments lie at the core of good decision making To become better teachers then teachers must learn to make informed decisions about both individual students learning decisions and about groups of students teaching decisions This book gives equal status to both types of decisions and shows how assessment is integral to both The organization of the book is sequential mirroring the way in which information should be used to make decisions It begins with a conceptual framework linking information to decision making then moves to the design of assessment instruments and the collection of assessment information then to the interpretation of assessment information and finally to reporting the results of both the assessment and the decision making process There is an emphasis throughout on linking why teachers assess with what and how they assess Other key features include Practical Framework The book s framework corresponds to the framework that teachers use to grade their students conduct classroom behavior effort student motivation and achievement student learning Unique Chapters There are separate chapters on interpreting assessment information prior to decision making and on reporting assessment information to parents teachers and administrators Flexibility Because of its modest length and price and its practical focus on the links between assessment and everyday teacher decision making this text can be used either in full length assessment courses for teachers or to teach the assessment units in educational psychology or integrated methods courses
