The design studio is a place where ideas are born and where the creative process is often chaotic and messy. It is a space where designers can experiment with different materials, colors, and patterns, and where they can collaborate with each other to create something new and exciting. The archive is a collection of the studio's past work, a record of the designs that have been created and the projects that have been completed. It is a valuable resource for designers, providing them with a wealth of inspiration and a source of reference for their current work.

The design studio and archive are essential components of any creative business. They provide a space for experimentation and collaboration, and they serve as a record of the studio's past work. By maintaining a well-organized archive, designers can ensure that they have access to all of their past work, and they can use it as a source of inspiration for their current projects.
