## **Memorandum History Paper September 2014:**

**Crimea, Global Rivalry, and the Vengeance of History** Hall Gardner, 2016-04-30 Gardner examines the causes and consequences of Russia's annexation of Crimea. By analyzing alliance formations and the consequences of other annexations in world history, the book urges an alternative US NATO European Japanese strategy toward both Russia and China in the effort to prevent a renewed arms race if not global war.

**The China-Japan Conflict over the Senkaku/Diaoyu Islands** Anna Costa, 2017-09-27 This book examines the foreign and security policies adopted by China and Japan since the 1970s in their competition over the Senkaku/Diaoyu Islands in the East China Sea. It charts the development of a dispute that has become a potential flashpoint for conflict between the two countries. The book explains that while increasing nationalism in both China and Japan helps to fuel and sustain the dispute, a key factor is that the leaderships in both countries find competition over the islands to be a convenient vehicle supporting their wider approach to foreign and security policy, which is becoming increasingly assertive and potentially belligerent.

**Secret History** Steven Loveridge, Richard S. Hill, 2023-07-13 In 1900 a handful of New Zealand police detectives watched out for spies, seditionists, and others who might pose a threat to state and society. The Police Force remained the primary instrument of such human intelligence in New Zealand until 1956, when a decade into the Cold War, a dedicated Security Service was created. Over the same period, New Zealand's role within signals intelligence networks evolved from the Imperial Wireless Chain to the UKUSA intelligence alliance, now known as Five Eyes. The first of two volumes chronicling the history of state surveillance in New Zealand, *Secret History* opens up the secret world of security intelligence through to 1956. It is the story of the surveillers who, in times of war and peace, turmoil and tranquillity, monitored and analysed perceived threats to national interests. It is also the story of the surveilled, those whose association with organisations and movements led to their public and private lives being documented in secret files. *Secret History* explores a hidden and intriguing dimension of New Zealand history, one which sits uneasily with cherished national notions of an exceptionally fair and open society.

**Deutsche Bank: The Global Hausbank, 1870 - 2020** Werner Plumpe, Alexander Nützenadel, Catherine Schenk, 2020-03-05 A comprehensive history of one of the major players in the world of international finance. Over the course of its 150-year history, Deutsche Bank has established itself as a major player in the world of international finance but has also been confronted by numerous challenges that have changed the face of Europe from two world wars to the rise and subsequent fall of communism. In this major work on the bank's history, Werner Plumpe, Alexander Nützenadel, and Catherine R. Schenk deliver a vibrant account of the measures the bank undertook in order to address the profound upheavals of the period, as well as the diverse and unusual demands it had to face. These included the First World War, which brought the world's first period of globalization to a sudden and dramatic end, but also the development of the predominantly national framework within which the bank had to operate from 1914 until the fall of the Berlin Wall in 1989. More recently, the focus has shifted back to European and global activities, with Deutsche Bank forging

new paths into the Anglo American capital markets business so opening another extraordinary chapter for the bank *The Routledge History of Genocide* Cathie Carmichael, Richard C. Maguire, 2015-05-01 The Routledge History of Genocide takes an interdisciplinary yet historically focused look at history from the Iron Age to the recent past to examine episodes of extreme violence that could be interpreted as genocidal Approaching the subject in a sensitive inclusive and respectful way each chapter is a newly commissioned piece covering a range of opinions and perspectives The topics discussed are broad in variety and include genocide and the end of the Ottoman Empire Stalin and the Soviet Union Iron Age warfare genocide and religion Japanese military brutality during the Second World War heritage and how we remember the past The volume is global in scope something of increasing importance in the study of genocide Presenting genocide as an extremely diverse phenomenon this book is a wide ranging and in depth view of the field that will be valuable for all those interested in the historical context of genocide

**The Liberators of Pilsen** Bryan J. Dickerson, 2018-01-14 Formed in July 1943 at Camp Chaffee Arkansas the 16th Armored Division was the last U S armored division to be activated in World War II the last deployed to the European Theater and the last to see combat As the war in Europe was coming to an end General George S Patton chose the division to spearhead a daring advance into Czechoslovakia In its first and only combat operation the 16th liberated the city of Pilsen forever endearing itself to the Czech people Poised to continue to the capital city of Prague the division was halted not by German resistance but by political rivalries between the Western powers and the Soviet Union Official U S Army records and veteran accounts tell the story of the unit s brief two year existence and its successful mission

*Who Owns History?* Geoffrey Robertson, 2019-11-05 The biggest question in the world of art and culture concerns the return of property taken without consent Throughout history conquerors or colonial masters have taken artefacts from subjugated peoples who now want them returned from museums and private collections in Europe and the USA The controversy rages on over the Elgin Marbles and has been given immediacy by figures such as France s President Macron who says he will order French museums to return hundreds of artworks acquired by force or fraud in Africa and by British opposition leader Jeremy Corbyn who has pledged that a Labour government would return the Elgin Marbles to Greece Elsewhere there is a debate in Belgium about whether the Africa Museum newly opened with 120 000 items acquired mainly by armed forces in the Congo should close Although there is an international convention dated 1970 that deals with the restoration of artefacts stolen since that time there is no agreement on the rules of law or ethics which should govern the fate of objects forcefully or lawlessly acquired in previous centuries *Who Owns History* delves into the crucial debate over the Elgin Marbles but also offers a system for the return of cultural property based on human rights law principles that are being developed by the courts It is not a legal text but rather an examination of how the past can be experienced by everyone as well as by the people of the country of origin

*Safe Passage* Evelyn Iritani, 2026-03-10 An untold story of idealism betrayal and behind the scenes American Japanese contacts in World War II In the fall of 1943 during some of the Pacific theater's bloodiest battles the United States and Japan pulled off a diplomatic coup the exchange of civilians caught on the wrong side of the battlefield after Pearl Harbor Nearly fifteen hundred Allied civilians trapped in Asia mostly Americans sailed through dangerous waters to an Indian port city where they were traded for an equivalent number of Japanese immigrants and their families sent from the Americas The fate of the more than ten thousand Americans left behind rested on the success of this endeavor In *Safe Passage* the award winning journalist Evelyn Iritani reveals the herculean efforts of the American diplomat James Keeley to engineer these wartime exchanges despite great resistance from within and outside his government the shipboard conflicts among passengers including missionaries revelers and sharp tongued journalists and the moral compromises involved in securing their safe passage Faced with too few bodies to trade and desperate to free Americans from perilous conditions the United States uprooted and repatriated Japanese citizens of Latin America sometimes against their will while Japanese imprisoned in camps many of them American citizens were forced to choose between expulsion to a war zone or an uncertain future behind barbed wire The result is a revelatory account of the hurdles to pursuing humanitarian action in wartime *The Publisher*, 1914 *British Books*, 1915 Building Strong in Korea Nicolai Kryloff, Joshua Ryan Pollarine, Lindsey Weaver, 2019
