

## An Overview Of My Family History

In this essay I am going to explain my family history. It is almost a tradition to go into the army, or into different areas related to that, like the Marines, in my family. My uncle, my mother's father, my great grandfather, and the father before that were all in areas like this.

My great grandfather Robert William Smith Jr. was born in 1927 in Nebraska. He contributed to the second world war. The Second World War, or World War 2, was a time of great destruction. He married my great grandmother, Mary Elda Dryer on June 19, 1953.

Mary Elda Dryer was born in Dallas, Texas in 1930, and later moved to Houston to retire with her husband. Their religion was Protestant. A Protestant is a Christian who belongs to the branch of the Christian church that separated from the Catholic church in the sixteenth century. They were happily married and had three children Linda, Janette, and Donald Smith. Janette was the middle child, Donald being the oldest. Janette Smith, my grandmother, was born in Houston, Texas in 1957. Because these children grew up with a father was in the military, the family was always moving. The three siblings were very close because of this. They mostly grew up in Houston but they moved to New York, France, Holland, California, and then back to Texas. Janette's religion was Assembly of God. The Assembly of God is a congregation, belonging to a Pentecostal body founded under the

Family, Household And Work Klaus F. Zimmermann,Michael Vogler,2003-06-13 During the last decades the appearance of a family has changed substantially Not long ago a typical family consisted of an employed man and a home managing woman living together for their whole life times and having one or more children which primarily were raised by the wife Today differing living models are much more common than before House husbands late motherhood and a delayed work entry of the children are some of the related phenomena which at the same time are reasons for and consequences of the changed view on the favorite family Not surprisingly this change has provoked much scientific interest In this book we present a collection of recent economic research work on the resources management and development of families and households respectively Assorting three general topics we focus on the time allocation within the household the family structure and development and the transition to work of young adults
