

Evaluation & Management (E/M) Coding Calculator

Essentials for Determining Evaluation & Management (E/M) Codes

Standard Codes for Evaluation & Management (E/M)

Step 1: Determine Whether Patient Has a Diagnosis or Symptom

- If the patient is not sick, use codes for preventive services (99201–99297), counseling (99401–99412), disability evaluation (99450–99456), or evaluation of newborn (99460–99463).
- If patient is sick, use any E/M codes except those listed above. Follow steps 2–7 to determine the correct code.

Step 2: Determine the Location of the Service

- **Office or other outpatient services (99201–99215):** Physician's office, walk-in clinic, ambulatory health-care center, etc.
- **Hospital services (99221–99239):** Inpatient, acute care facility.
- **Observation services (99217–99218 and 99254–99256):** Patient admitted to hospital under "observation status."
- **Emergency department services (99281–99285):** A hospital-based facility, open 24 hours a day, providing implanted services to patients requiring immediate medical attention.
 - **Critical care/Intensive care services (99291–99292 and 99477–99480):** Direct delivery of medical care for patients with a high likelihood of an impending or life-threatening decline of their condition.
- **Nursing facility services (99064–99108):** Skilled nursing facility (SNF), intermediate care facility (ICF), long-term care facility (LTCF), psychiatric residential treatment center.
- **Domiciliary, rest home, or extended care services (99024–99040):** Assisted living facility or any other facility providing room, board, and personal assistance services.
- **Home Services (99041–99050):** Physician visited patient at his or her home (private residence).

Step 3: Determine the Relationship Between Physician & Patient

- **New or established:** An established patient has received professional services from this physician, or another physician of the same specialty within the same practice, during the last three years. A new patient has never seen this physician/another physician of the same specialty in this practice or was last seen by this physician/another physician of same specialty in this practice more than three years ago.
- **Initial or subsequent:** An initial visit is the first date of service this physician sees this patient and a subsequent visit is one on a later date during this course of treatment.
 - These terms are used for services provided for patients in observation care, inpatient care, and nursing facilities.
 - Services are reported by the completed day (calendar date) of service.

- **Consultation services:** These services require a requesting physician and a consulting physician. One physician sends a patient to see another physician with a request for advice or recommendations on the patient's care. The services may be inpatient (99231–99235) or outpatient (99241–99245).

NOTE: Medicare will not pay for any consultation codes. For Medicare patients, use office E/M visit codes (such as outpatient or inpatient codes).

Step 4: Determine the Level of History from Documentation

Remember: if it is not documented, it didn't happen!

- History includes four components (not all levels of service include all four components):
 - **Chief complaint (CC):** The patient's description of why he/she felt the need to see this physician for this visit—could be a sign, symptom, condition, diagnosis, or other health-related concern.
 - **History of present illness (HPI):** Series of questions asked by a physician or ancillary staff about the patient's condition. This includes seven elements: location, quality, severity, timing, context, modifying factors, and associated signs and symptoms.

NOTE: Medicine includes an eighth element: **duration** (EX: Location (where in the pain?), quality (is the pain sharp or dull?), severity (is the patient bedridden due to the pain?), timing (is the pain constant?), context (is the pain worse when the patient is lying down?), modifying factors (does the pain lessen when the patient takes over-the-counter drugs?), associated signs and symptoms (is the patient nauseated due to the pain?), and duration (how long has the pain been present?)

- **Review of systems (ROS):** Series of questions to identify signs and/or symptoms the patient may be experiencing now or has experienced in the past. The systems reviewed may include:
 - Constitutional symptoms (fever, weight loss, etc.)
 - Eyes
 - Ears, nose, mouth, and throat
 - Cardiovascular
 - Respiratory
 - Gastrointestinal
 - Genitourinary
 - Musculoskeletal
 - Integumentary (skin and/or breast)
 - Neurological
 - Psychiatric
 - Endocrine
 - Hematologic/Lymphatic
 - Allergic/Immunologic
- **Past/Family/Social History (PFSH):** Series of questions concerning the patient's personal and family background. This includes:
 - **Patient's history**
 - Prior major illnesses and injuries, surgical procedures, and hospitalizations

- Current medications and allergies (drug, food, inhalant, etc.)
- Immunization status (age-appropriate) and dietary/nutritional status (feeding, eating, etc.)

- **Family history**
 - Health status (or cause of death) of parents, siblings, and children
 - Specific diseases of family members related to problems identified in the chief complaint, history of present illness (HPI), and/or system review
 - Diseases of family members that may be hereditary or place the patient at risk
- **Social history**
 - Marital status and/or living arrangements
 - Current employment
 - Occupational, military, and sexual history
 - Use of drugs, alcohol, and/or tobacco
 - Level of education
 - Other relevant social factors

- Histories are often provided by the patient using a form filled out before seeing the physician or by a nurse. The physician must note that the form was reviewed.
- A patient's review of systems (ROS) is not the same as an examination.
- The physician may indicate that an organ system's history is unrelated or non-contributory—these terms (and similar ones) document that the physician addressed or discussed this with the patient or family member. This area can be counted toward the history.

The levels of history are:

Problem-Focused History

- Chief complaint (CC) required
- Brief HPI: Documentation of a limited number (usually 1–3) of elements
- ROS: No ROS is required
- PFSH: No PFSH is required

Expanded Problem-Focused History

- Chief complaint (CC) required
- Brief HPI: Documentation of a limited number (usually 1–3) of elements
- ROS: Review of system related to the chief complaint
- PFSH: No PFSH is required

Detailed History

- Chief complaint (CC) required
- Extended HPI: Documentation of extended (usually 4 or more) elements
- ROS: Review of an extended number (usually 2–9) of systems directly related to the chief complaint or present illness plus a limited history of additional related systems
- PFSH: One item from past, family, or social history related to patient's current condition

Evaluation And Management Coding Pocket Guide Introduction

Evaluation And Management Coding Pocket Guide Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Evaluation And Management Coding Pocket Guide Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Evaluation And Management Coding Pocket Guide : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Evaluation And Management Coding Pocket Guide : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Evaluation And Management Coding Pocket Guide Offers a diverse range of free eBooks across various genres. Evaluation And Management Coding Pocket Guide Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Evaluation And Management Coding Pocket Guide Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Evaluation And Management Coding Pocket Guide, especially related to Evaluation And Management Coding Pocket Guide, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Evaluation And Management Coding Pocket Guide, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Evaluation And Management Coding Pocket Guide books or magazines might include. Look for these in online stores or libraries. Remember that while Evaluation And Management Coding Pocket Guide, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Evaluation And Management Coding Pocket Guide eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Evaluation And Management Coding Pocket Guide full book , it can give you a taste of the authors writing

style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Evaluation And Management Coding Pocket Guide eBooks, including some popular titles.

FAQs About Evaluation And Management Coding Pocket Guide Books

What is a Evaluation And Management Coding Pocket Guide PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Evaluation And Management Coding Pocket Guide PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Evaluation And Management Coding Pocket Guide PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Evaluation And Management Coding Pocket Guide PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Evaluation And Management Coding Pocket Guide PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
