

5. In the Configure Member – RAID Configuration dialog box, “Select the RAID policy.” and then click **Next**. (To delay using the member’s storage space until the RAID verification completes and the batteries are fully charged, select **Wait** until the member storage initialization completes. By default, the space is immediately available, although performance will not be optimal until the RAID verification completes.)

6. In the Configure Member – Summary dialog box, click **Finish** if the member configuration is satisfactory. Click **Back** to make changes.

The array storage is ready to use.
