Brain Quest 1st Grade Math Marjorie Martinelli, 2000-04-01 Now first and second graders can really sharpen their skills. Announcing *Brain Quest Math* and *Brain Quest Reading*, a natural extension of *Brain Quest* into single-subject tutorials. Using the same curriculum-based question and answer format that has made *Brain Quest America's* #1 educational bestseller with over 16 million copies in print, *Math* and *Reading* concentrate on the two subjects that are of paramount importance for parents, teachers, and especially the kids. *Math* is as focused as flash cards but with far more range, interactivity, and educational value. Each grade comprises two decks. 1st Grade has five questions to a card covering:

- Numeration or the basics of numbers.
- Bits: Computation (addition and subtraction), Measurements, and Problem Solving.

2nd Grade with seven questions to a card adds two new categories to the original five: Super Computation (which has more complicated operations) and Fun with Numbers. *Reading* takes a thorough approach to working on the fundamentals of reading and language arts. First comes an original one-page story, illustrated in full color, with 56 stories per grade. Following the story card is a comprehension card quizzing the reader about the story, its characters, and content. Following that card is a second question card: five questions for 1st Grade, seven for 2nd Grade, on Grammar, Word Choice, Phonics, Vocabulary, Extensions, and Mixed Bag. A strong foundation in math, a strong foundation in reading, that's what elementary education is all about.
