Mouse vs. Cat in Chinese Literature ,2019-03-18 In literatures worldwide animal fables have been analyzed for their revealingly anthropomorphic views but until now little attention has been given to the animal tales of China The complex competitive relationship between rodents vilified as thieves of grain and the felines with whom they are perennially at war is explored in this presentation of Chinese tales about cats and mice Master translator Wilt Idema situates them in an overview of animal tales in world literature in the Chinese literary tradition as a whole and within Chinese imaginative depictions of animals The tales demonstrate the animals symbolism and their unusually prominent and verbal role in the stories These readings depict cats and mice in conflict in marital bonds and in litigation most centrally in a legal case of a mouse against a cat in the underworld court of King Yama Many of the stories adopt the perspective of the mice as animals merely trying to survive while also recognizing that cats are natural hunters This entertaining volume will appeal to readers interested in Chinese literature and society comparative literature and posthumanist consideration of human animal relations
