

...yourself in Survival mode, or you might want to build a beautiful village in Creative mode. Whatever your requirements, houses are one of the most important constructions to get right.

### RECONSTRUCTION MATERIALS

1. First, create a simple 1-block-high outline using cobblestone blocks. Add a slight outcrop at the front for an entrance and a slight outcrop at the back for a rear porch.

2. Build up the ground-floor walls bearing in mind how high you'd like your ceiling to be. We'd recommend at least 1 or 2 blocks of space above your head so it doesn't feel too cramped. Fill in your ground floor using wood planks.

3. Build up the first-floor walls in wood planks to complement the cobblestone. It's often easier to fill in the entire wall, then knock any excess blocks out to add windows. Add in your first floor using wood planks followed by a handy wooden staircase.

4. Use glass blocks to create windows and wood blocks to define the edges of your house. Add 2 sets of wooden double doors to the entrance and torches to light it all up at night. Finally, lay out your rooms and decorate your house.

### DOOR RECIPE

You can craft a single wooden door from 6 wood planks.
