It Takes a Tribe Will Dean, 2017-09-12 Who on earth wants to jump into ice baths and run through fire and wallow in mud on a Sunday afternoon just for the hell of it my professors asked My gut feeling was plenty of people Will Dean founder of extreme obstacle course Tough Mudder shares the thrilling inside story of how a scrappy startup grew into a movement whose millions of members feel like co owners He shows how other companies can embrace the Tough Mudder playbook by nurturing tribes of passionate fans while constantly experimenting with new risks After five years as a British counterterrorism officer and two years at Harvard Business School Dean was determined not to follow his classmates to Wall Street or Silicon Valley Instead he pursued his unique vision for an extreme obstacle course a ten to twelve mile gauntlet pushing participants to their limits and helping them surpass those limits together Instead of cutthroat competition Tough Mudder would be about continual self improvement and collective energy It would be about the power of a tribe Dean and his small team launched the first Tough Mudder event in May 2010 hosting 5 000 pioneers at a deserted ski resort in Pennsylvania Just seven years later more than 3 million people on four continents have participated at least once and hundreds of thousands have done so repeatedly More than 20 000 are so committed that they sport a Tough Mudder tattoo Mudders prove the power of fierce and unshakable loyalty to one another and the challenge itself Proudly sport ing orange headbands and team uniforms they ll run through mud climb steep walls face elec tric shocks and slide down the side of a moun tain The tougher the experience the greater the satisfaction It Takes a Tribe shows you how to embody the Tough Mudder spirit and capture the same magic As a Tough Mudder slogan says When was the last time you did something for the first time
