

# MCAT

# 1 - MONTH STUDY PLAN

The calendar assumes you have already completed one pass of a review book set.

3 Assessments MAXIMUM should be used prior to test day. Review questions promptly after practice test.

We recommend to do 40-100 QBank Questions per day in Timed or Timed Tutor mode (1 block = 30 Qs, 1 Qbank block = 30 Qs). After completing a practice exam block, review all correct questions. Prioritize questions and review in the morning.

"Targeted" Question review should focus on the topic of the day. "Random" Block should include all topics learned to that point, except CARS.

We recommend students make their own flashcards and review them often daily if possible. If using pre-made cards, make sure to edit and personalize them to your needs.
