Fedeler,2024-02-15 Master s Thesis from the year 2023 in the subject Gender Studies grade 1 7 University of Duisburg Essen
Mercator School of Management language English abstract Competitiveness has been traditionally thought to increase
productivity However some studies have shown that competition can affect women s performance negatively In order to
design better strategies that promote the performance of all genders and increase the overall performance it is important to
understand why this is the case Therefore this thesis tries to better understand how competition tends to negatively affect
women s performance by studying what can influence the performance in general According to Booth Nolan 2022 the type of
opponent can affect behavior and results in competitive environments Therefore this thesis also analysis if there is a
performance difference competing against a real person in the following called real other or an uncertain goal in the
