Educational Assessment in a Time of Reform Coert Loock, Vanessa Scherman, 2019-11-20 Educational Assessment in a Time of Reform provides background information on large scale examination systems more generally and the South African examination specifically It traces the reforms in the education system of South Africa since 1994 and provides a description of the advances in modern test theory that could be considered for future standard setting endeavours At the heart of the book is the debate on whether the current standard of education in Africa is good enough If not then how can it be improved The aim of this book is to provide a point of departure for discussions on standard setting quality assurance equating of examinations and assessment approaches From this point of departure recommendations for practices in general and the exit level Grade 12 examination results in particular can be made This book is ideal reading for principals teachers academics and researchers in the fields of educational assessment measurement and evaluation

The Selfless Constitution Stu Woolman, 2021-07-28 Do you possess freedom the will to do as you choose as an individual as a participant in social affairs or as a citizen in the political realm Well no Not really At least not as most of us understand a term loaded down with metaphysical baggage Don t worry You ve got something better a neurological system capable of carrying out the most complex analytical and computational tasks membership in innumerable communities that provide you with huge stores of knowledge and wisdom and a politico constitutional order that ought to provide the material and the immaterial conditions that will enable you to pursue a life worth valuing Drop the simplistic folk psychology of unfettered freedom whilst holding on to intentionality and you might be inclined to adopt a set of social practices and political arrangements that enhance the chances that you and your compatriots will flourish As many recent studies of consciousness reveal our neurological systems are complex feedback mechanisms designed to create myriad for trial and error and if you survive the production of new stores of knowledge Individuals comprised of numerous radically heterogeneous naturally and socially determined selves are always experimenting attempting to divine through reflection and action what works best even when best means fully embracing who we already are Choice architects those persons charged with constructing the environments within which we operate daily should if responsible regularly run experiments that attempt to eliminate biases and ultimately deliver norms that nudge us away from negative defaults toward more optimal ends A constitutional democracy made up of millions of radically heterogeneous densely populated individuals constantly strives to determine what works best for most of its many constituents Because South Africa s Constitution states at an extremely high level of generality only some of the norms that govern our lives it remains for citizens representatives and judges to create doctrines and institutions that serve its capaciously framed ends best After canvassing the relevant literature in neuroscience empirical philosophy behavioural psychology social capital theory development economics and emergent experimental governance this work suggests that manifold experiments in living that fall within the accepted parameters of our shared constitutional norms are likely over

time to produce more optimal ways of being that can be replicated by other members of our polity Our reflexive stance toward best practices a linchpin of this book s take on experimental governance when inextricably linked to a commitment to flourishing and to the expansion of individual capabilities should cause us to alter the content of the fundamental norms that shape our lives and bind us to one another A political order founded upon experimental constitutionalism and flourishing promises an egalitarian pluralist reformation of South African society The book spins out its novel thesis against the concrete backdrop of political arrangements and judicial doctrines that have emerged during the first 20 years of our truly vibrant constitutional democracy Its trenchant analysis of political institutions and constitutional case law shows us how far we have come and how far we still have to go **Hilāl** ,2014 New Statesman and Nation ,1950 **AUTOMED EXAM**
