

EMERGENCY FIRST AID CHART

This First Aid Chart is not intended to take the place of qualified help in the event of an emergency. In any emergency, always seek medical advice and assistance when you think it is needed. It is also recommended that you take a certified CPR and first aid course.

ANIMAL BITE

Flush the wound area with water and then wash with soap and water for at least five minutes. Cover with a clean dressing or cloth. Immediately seek care at a hospital or physician office.

BLACK EYE

As soon as possible following the injury, dip a cloth in ice water and hold next to the area for at least 30 minutes. A "black eye" is essentially a bruise around the eye that will cause pain and swelling and gradually fade as time, if the bruise does not fade or if there is a change in vision, consult a physician.

CUTS

MINOR — Wash wound area with soap and water, not alcohol, cover with a sterile gauze bandage.

MAJOR — If blood appears to be gushing or spurting, follow these instructions and call for help. Take a clean cloth or towel and press hard on the cut for 10 minutes. Do not remove pressure to see if it's working. If possible, raise the cut above the level of the heart. After 10 minutes, if the bleeding has stopped, cover the cut with a bandage. If the bleeding hasn't stopped, try pressing harder for five more minutes and seek medical help.

BURNS

MINOR — Immediately cool the burn area by putting it under cool running water or in a sink filled with cool water for at least five minutes or until the pain subsides. Never apply butter, grease or ointments. Do not open blisters or remove dead tissue. Cover with clean bandage. If blisters apply a clean dressing. If the burn is on the face, cover an area bigger than your hand or if it blisters, call the doctor or emergency number.

SEVERE — Have victim lie down and cover him or her. Never remove clothing or clean the burns. Call for emergency help.

CHEMICAL — Quickly flush area with water for five minutes, cover with gauze and call for emergency help.

CHOKING

If the person is coughing and unable to talk or breathe, get behind the person and wrap your arms around the waist. Make a fist, grasp fist with other hand. Place fist against the stomach just above the navel. Push the lower tip of the fist forward. Pull the upward arm the stomach with a quick upward thrust. Repeat up to four times. If choking continues, seek medical help. If the victim becomes unconscious, lay him or her down, roll to side, pull the tongue and jaw forward and with your fingers, fingers, dislodge any visible matter. Perform mouth-to-mouth resuscitation and/or CPR.

CONVULSION/SEIZURE

Gently prevent person from hurting him or herself on nearby objects. Loosen clothing after jerking subsides. Have person lie down. Help keep the airway open. Turn head to the side in case of vomiting to prevent choking on inhaled vomit. If breathing stops, administer mouth-to-mouth resuscitation or CPR. After seizure, allow patient to rest. Seek medical attention.

ELECTRIC SHOCK

Turn off electricity if possible. If not possible, pull victim from the electrical contact with a dry rope, wooden pole or cloth. Do not touch victim until contact with electric current is broken. Administer CPR. Call for emergency help.

EYE INJURIES

CHEMICALS — Have person turn head so injured side is down. Flush eye with water for at least 15 minutes. Cover eye with clean cloth and seek professional help.

FOREIGN PARTICLE — Do not rub the eye, do not cause deeper injury. Try to locate the object, if it is in the pupil, or seems embedded in the white of the eye, go immediately to the emergency room. If the object is floating on the liquid surface, you can try to remove it. Hold the lower lid open, look up, and using the edge of a clean cloth, touch the surface quickly off the eye's surface. If you can't see an object, push the upper lid down and cover the lower lid and let it slide back up. This may dislodge the particle. If pain and tearing persists, seek medical help.

FAINING

Lay patient on his or her back and raise both legs above the heart. Check airway to the extent it is clear. Loosen tight clothing and apply cool cloths to the face. If fainting last a minute or more, keep patient covered and seek medical help.

FALLS

Stop any bleeding and cover wounds with clean dressing. Keep victim comfortably warm to prevent shock. If you suspect broken bones, do not move person unless absolutely necessary (such as in case of fire). Call for emergency help.

FISHHOOKS

Fishhook injuries carry a high risk of infection, so if you can't reach a physician, do not. If you see the hook medical help, push the hook further through the tissue until it goes through the skin. Do not pull it out, the barb will cause further injury. Using wire pliers, cut off the barb, and then pull the hook back through the skin. Clean and bandage the wound and seek medical attention as soon as possible.

FRACTURES/BREAKS

Stop any bleeding and cover wounds with clean dressing. If it is a simple fracture, set it in a splint (wood, corrugated cardboard, rolled-up blanket, pillow, etc.) supported with cloth or rope ties. Do not move patient if back or neck injury is suspected. Keep person warm and treat for shock (see next column). Call for emergency help.

FROSTBITE

SIGNS AND SYMPTOMS: The skin of hands, feet, face or other areas first becomes red, then turns gray or white. Never rub frostbitten area with snow, that will only increase the chilling of the tissue and cause further damage. A gradual warming by immersing the area in water that is slightly warmer than body is safe for slight frostbite. Elevate the affected area, cover with dry and warm garments and consider pain relievers if there is slight pain. Keep frostbitten toes or fingers separate with a clean, dry cloth. Revascularization is necessary for children whose body temperatures drop below 92°F and for adults who have severe frostbite. Don't sit in front of an open or fire to warm the frostbitten area, unusual exposure to the heat could burn the tissue. Don't massage the damaged area or rub with snow. Do not frostbite blisters or give alcoholic drinks. Contact your physician or emergency room immediately.

HEAD INJURY/CONCUSSION

Usual symptoms of simple concussion include headache, slight dizziness, upset stomach or vomiting. These usually require an ice pack to the head and rest. Observe for any severe symptoms such as unusual drowsiness, unequal pupils, persistent vomiting, confusion and loss of coordination. If one or more of these conditions are present, immediately seek medical care.

INSECT BITES AND STINGS

BEE OR WASP STING — Try to remove stinger by gently scraping with a clean knife blade. Cleanse with soap and water and apply an ice compress to reduce swelling. If person has an allergic reaction (will happen within 30 minutes), hives, itching, all over, wheezing, vomiting or a history of allergic reactions, follow directions on their drug kit, if available. Call for emergency help.

TICK BITE — Cover the insect's body with a heavy oil or Vaseline Band and allow to remain for about 20 minutes. Carefully remove with tweezers, being sure to remove all parts of the insect. Scrub area with soap and water.

POYH BITES — Use hydrocortisone cream, calamine lotion or rubbing alcohol.

NOSEBLEED

Have person sit down and lean forward. Pinch nose and hold pressure through the nostrils. Do not bleed. Bleeding normally will cease and pinch. If bleeding persists, call a doctor.

POISONING

Do not force to vomit immediately. Call poison control. Tell them what substance and how much was swallowed. Take the bottle or package to the phone when you call. Do not use the vomit any more the up to date. Always follow the instructions given by the poison control center. Do not give the person fluids or cause to vomit if unconscious or in convulsions. Call for emergency help.

SHOCK

Have person lie down, loosen clothing and cover to prevent loss of body heat. Be cautious not to overheat. Check pulse rate and seek professional help.

SPLINTERS

Physicians remove most splinters easily, but a physician should remove deeply embedded splinters. If the length of the splinter is visible under the skin, use a sterilized needle to lift the skin over the splinter and pull out the splinter with the tweezers. Clean the wound.

SPRAINS & STRAINS

Elevate the injured joint to a comfortable position. Apply an ice bag or a cold compress over the sprain to reduce pain and swelling. Administer no more than one pain reliever. Persons should not bear weight on a sprain. Sprains that continue to swell should be examined by a physician.

UNCONSCIOUSNESS

When person cannot be aroused, lay in a flat position and make sure the victim's airway is clear. Check pulse rate. If no pulse is felt, begin administering CPR. Keep the person comfortable and warm. Never give an unconscious person food or liquid. If vomiting occurs, turn head to the side to prevent choking on inhaled vomit. Call for medical help.

Medical First Aid Guide Introduction

In today's digital age, the availability of Medical First Aid Guide books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Medical First Aid Guide books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Medical First Aid Guide books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Medical First Aid Guide versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Medical First Aid Guide books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Medical First Aid Guide books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Medical First Aid Guide books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited

period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Medical First Aid Guide books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Medical First Aid Guide books and manuals for download and embark on your journey of knowledge?

FAQs About Medical First Aid Guide Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Medical First Aid Guide is one of the best book in our library for free trial. We provide copy of Medical First Aid Guide in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Medical First Aid Guide. Where to download Medical First Aid Guide online for free? Are you looking for Medical First Aid Guide PDF? This is definitely going to save you time and cash in something you should think about.
