Linda Dunlap author MIDWEST BOOK REVIEW October 1 2002 Growing Young by Dean Warren is an adventurous and intriguing science fiction novel about Dr Mark Langer an old man who is presented with a cure for aging Langer undertakes the treatment and reverses his aging body to that of a robust and healthy 25 year old Yet in a world already crushed with overpopulation how is he to see that this magnificent achievement is not abused for malevolent ends Growing Young accomplishes what science fiction does best provides the reader with a profound and thoughtful saga about how the possibility of immortality could affect human society as a whole

CROWS NEST BOOKS 9 1 2002 Growing Young is not some dry essay It is a very witty novel The main character Dr Mark Langer is a cross between Bill Clinton and James Bond with the combined pulling powers of both The ghetto gangsters and Jared Hull a man so bad that you want to throw orange peel at him are gloriously well done and help the story to travel like a raft on the river rapids If you like the wry cynicism of Dr Strangelove of Stark by Ben Elton then this book should be on your reading list It explores important human issues in a funny and very immensely readable novel

SCRIBES WORLD REVIEWS 11 1 2002 This is a very well done and intriguing story as well as a very thought provoking one If eternal youth were available to a chosen few who would you choose

THE COMPULSIVE READER 11 25 2002 Dean Warren's newest book GROWING YOUNG proves once again that he is a master of this writing genre He writes of a futuristic society while weaving in facts of things happening in our own time scientific and genetic research unemployment division of the poor and the elite war and over population He not only entertains but makes readers think of the possibility of these things and the repercussions that go along with them
