The Holy Sh!t Moment James Fell,2019-01-22 Motivation expert James Fell teaches readers how to skip the hard part and go directly from intention to committed action After years of helping people change James Fell had a sudden insight about sudden insight significant life change doesn't often come from just putting one foot in front of the other carefully observing and altering habits slogging through baby steps toward new behavior Rather the research reveals that serious life turnaround usually happens in a moment with a flash of inspiration Epiphany arrives like a lightning strike rapidly shifting the recipient of such enlightenment onto a new path that creates a better life Motivational psychology has traditionally focused on slow and steady gradual improvement over time to reach a desired goal whether it's weight loss career change battling addiction or success in relationships We've been told since toddlerhood that the tortoise beats the hare But through compelling science and powerful stories James Fell shows us that the hare has the edge overwhelming desire can be awakened fast and furiously When you learn to become attuned to that sensation of sudden awakening a new path can be followed almost effortlessly because it feels like destiny Everyone has the ability to experience the lightning strike The Holy Sh t Moment will teach you how to create a life changing epiphany and go directly from intention to action
