

...yourself in Survival mode, or you might want to build a beautiful village in Creative mode. Whatever your requirements, houses are one of the most important constructions to get right.

RECONSTRUCTION MATERIALS

...st, create a simple 1-block-high outline using cobblestone blocks. Add a slight outcrop at the front for an entrance and a slight outcrop at the back for a rear porch.

Build up the ground-floor walls bearing in mind how high you'd like your ceiling to be. We'd recommend at least 1 or 2 blocks of space above your head so it doesn't feel too cramped. Fill in your ground floor using wood planks.

Build up the first-floor walls in wood planks to complement the cobblestone. It's often easier to fill in the entire wall, then knock any excess blocks out to add windows. Add in your first floor using wood planks followed by a handy wooden staircase.

Use glass blocks to create windows and wood blocks to define the edges of your house. Add 2 sets of wooden double doors to the entrance and torches to light it all up at night. Finally, lay out your rooms and decorate your house.

DOOR RECIPE

You can craft a single wooden door from 6 wood planks.

exciting game that you can play but many players feel limited with what they can do in this game because they don't know how to expand their construction projects. Constructing structures in Minecraft can help you improve your skills in planning. The thing is that there are many things that you can build in Minecraft aside from conventional forts. If you are one of the many people who want to learn how to build structures in Minecraft successfully, then this book is definitely for you. With this book, you will be able to learn the following:

- Learn about the types of houses that you can build in Minecraft.
- Chapter 1 also includes the different types of materials that you can use for different structures in Minecraft. This chapter teaches you about the basic things that you need for your Minecraft construction projects.
- Chapter 2 discusses different construction tutorials such as how to build elevators, walls, moats, ditches, and roofs. The tips included in this chapter include ways on how you can fortify your shelter against mob attacks.
- Chapter 3 will go beyond constructing houses. Once you have collected a lot of things in your inventory, you can start building a settlement. This chapter discusses about the different types of settlements that you can build in Minecraft, as well as the things that you need to consider before building a settlement.

Constructing buildings and other structures in Minecraft can be a daunting task. This is true, especially if you don't have any idea on how and where to begin. Let this book serve as your guide so that you will become successful in all of your Minecraft construction projects. The thing is that building structures in Minecraft should be challenging and fun at the same time.
