Trophies of Victory T. Leslie Shear Jr.,2016-08-16 The Greek military victories at Marathon Salamis and Plataia during the Persian Wars profoundly shaped fifth century politics and culture By long tradition the victors commemorated their deliverance by dedicating thank offerings in the sanctuaries of their gods and the Athenians erected no fewer than ten new temples and other buildings Because these buildings were all at some stage of construction during the political ascendancy of Perikles in the third quarter of the fifth century modern writers refer to them collectively as the Periklean building program In *Trophies of Victory* T Leslie Shear Jr who directed archaeological excavations at the Athenian Agora for more than twenty five years provides the first comprehensive account of the Periklean buildings as a group This richly illustrated book examines each building in detail including its archaeological reconstruction architectural design sculptural decoration chronology and construction history Shear emphasizes the Parthenon s revolutionary features and how they influenced smaller contemporary temples He examines inscriptions that show how every aspect of public works was strictly controlled by the Athenian Assembly In the case of the buildings on the Acropolis and the Telesterion at Eleusis he looks at accounts of their overseers which illuminate the administration financing and organization of public works Throughout the book provides new details about how the Periklean buildings proclaimed Athenian military prowess aggrandized the city s cults and festivals and laid claim to its religious and cultural primacy in the Greek world The Real Shelley John Cordy
