MARKET METAPHORS FOR MEETING MATES, WORKING PAPERS #719 AARON C. ABUVIA & MARA B.

ADELMAN,1993 **Handbook on Teaching Empirical Software Engineering** Daniel Mendez,Paris Avgeriou,Marcos Kalinowski,Nauman Bin Ali,2024-12-24 This handbook exploits the profound experience and expertise of well established scholars in the empirical software engineering community to provide guidance and support in teaching various research methods and fundamental concepts A particular focus is thus on combining research methods and their epistemological settings and terminology with didactics and pedagogy for the subject The book covers the most essential contemporary research methods and philosophical and cross cutting concerns in software engineering research considering both academic and industrial settings at the same time providing insights into the effective teaching of concepts and strategies To this end the book is organized into four major parts In the first part the editors set the foundation with two chapters one laying out the larger context of the discipline for a positioning of the remainder of this book and one guiding the creation of a syllabus for courses in empirical software engineering The second part of the book lays the fundamentals for teaching empirical software engineering addressing more cross cutting aspects from theorizing and teaching research designs to measurement and quantitative data analysis In the third part general experiences and personal reflections from teaching empirical software engineering in different settings are shared Finally the fourth part contains a number of carefully selected research methods presented through an educational lens Next to the chapter contributions themselves that provide a more theoretical perspective and practical advice readers will find additional material in the form of for example slide sets and tools in an online material section The book mainly targets three different audiences 1 educators teaching empirical software engineering to undergraduate postgraduate or doctoral students 2 professional trainers teaching the basic concepts of empirical software engineering to software professionals and 3 students and trainees attending such courses *Ideational Grammatical Metaphors. Applications in Selected Registers* Gabriele Grenkowski,2016-03-21 Seminar paper from the year 2015 in the subject English Language and Literature Studies Linguistics grade 2 3 RWTH Aachen University Institut f r Anglistik Amerikanistik und Romanistik course Hauptseminar Metaphor in cognitive and systemic functional frameworks language English abstract This term paper deals with the topic of grammatical metaphors with a special focus on grammatical metaphors of the ideational kind and their use in certain registers To define grammatical metaphor as well as explain and analyze their use I will take a closer look at the works of several researchers and linguists with M A K Halliday being the most important one of these Given it was Halliday who first coined the term grammatical metaphor and tried to give a detailed explanation of the concept his works will be the most vital to this paper and stand at its center Further it is impossible to take a detailed look on grammatical metaphor without having at least a basic understanding on Halliday s concept of Systemic Functional Linguistics SFL Therefore one chapter of this paper will take a closer look at SFL and

basically explain this concept The questions this paper is supposed to answer are the following what are ideational grammatical metaphors in which registers are they used most frequently and what is the purpose or function of such metaphors in these registers

Georgetown University Papers on Languages and Linguistics Georgetown University. School of Languages and Linguistics,1975 Papers of the Meeting ,1954 Papers from the ... Annual Congress Canadian Ethnology Society. Congress,1978 Conceptual Metaphors of Romantic Love in Western Comic and Japanese Manga Ellen Thießen, Maria Schnyder,2011-11-09 Seminar paper from the year 2009 in the subject Communications Broadcast and entertainment grade 1 0 University of Groningen Faculty of Arts course Language Communication and Culture language English abstract According to Lakoff and Johnson 1980 metaphors involve a mapping of a tangible source domain on an intangible target domain and enable therefore the expression of concepts difficult to verbalise as such ROMANTIC LOVE is one of these concepts Indeed romantic love is commonly thought of as a mysterious emotion which it is notoriously difficult to pin down Various authors in various disciplines have expressed the view that this is a concept that is difficult to grapple with and define K vecses 1986 By analysing the conceptual metaphors used to describe ROMANTIC LOVE in conventionalised language K vecses succeeded to describe the constituents and structure of this concept K vecses research on the concept of ROMANTIC LOVE and the cultural variation of metaphor is based exclusively on verbal evidence As Charles Forceville 2005 69 acknowledged in the interest of enriching insights into ideological conceptual metaphors non verbal and multimedial representations need to be investigated as well mostly in order to break the vicious cycle of saying that verbal metaphoric expressions are evidence of conceptual metaphors and then saying that we know that because we see conceptual metaphors expressed in language Cienki 1998 The present paper aims to extend K vecses research by analysing the visual expression of

ROMANTIC LOVE and its cross cultural variation in comics Indeed as Forceville 2005 71 mentioned comics are a good source of pictorial data for such a project unlike for instance realistic photographs and live action films which are more or less naturally mirror real life manifestations of emotions comics and cartoons make use of stereotypical exaggerations and of a rudimentary sign system very much like a language In a first part our paper will show how K vecses characterisation of the concept of ROMANTIC LOVE surfaces visually in the comic Asterix The second part of this paper aims to explore this cross cultural variation in the visual domain by comparing the results of the analysis of Asterix to Japanese Manga Our research will be done on following data three volumes of German translations of the French comic Asterix Asterix als Legion r Vol 10 Asterix und Latraviata Vol 31 and Obelix auf Kreuzfahrt Vol 30 and the Japanese manga I s Vol 7 Tsubasa Vol 13 Natsuki Takaya Vol 3 In all of these comics romantic love plays an essential role *Discussion Papers*, 1973 Conceptual Metaphor Theory in the Beatles Lyrics. Metaphors as Cognitive Phenomena Dominik Doeppert, 2015-08-11 Seminar paper from the year 2015 in the subject English Language and Literature Studies Linguistics grade 1 7 University of Augsburg language English abstract Most people consider metaphors to be merely linguistic devices that are used for poetic purposes A standard dictionary definition of metaphor is quite similar The Oxford Dictionary defines metaphor as a word or phrase used to describe sb sth else This definition falls in line with a layman s notion of metaphors being purely linguistic with the sole purpose of functioning as decorative features However metaphors go much deeper than that Metaphors are in fact fundamental components of human cognition that are not just linguistic but conceptual in nature Through metaphors patterns of thought in a society are encoded and shared So in order to show that metaphors share patterns of thought in a society songs of the Beatles shall be examined seeing as the Beatles are one the most popular and successful bands of our time with fans from all around the world The metaphors used in the Beatles songs are not merely figures of speech or stylistic devices but cognitive phenomena that share patterns of thought in a society The Beatles songs are a great medium to help prove that conceptual systems play a paramount role in establishing our everyday realities because of they are so widely popular This paper seeks to show that Lakoff s and Johnson s notion of metaphors representing a way of thinking as made popular in their Conceptual Metaphor Theory also holds true for metaphors in the Beatles songs Drawing upon Lakoff s and Johnson s Conceptual Metaphor Theory this paper also attempts to illuminate how the Beatles success is at least partly due to the systematicity of metaphorical concepts Even though most people are not normally aware of conceptual systems present in our society most of these conceptual systems are indeed metaphorical in nature and determine to a large extent our perception of the world The metaphorical concepts present in the Beatles lyrics are very much coherent with the metaphorical structuring of certain experiences in our society which is why so many people can relate to the Beatles songs because the concepts expressed therein are compatible with their conceptualisation of how they perceive the world

Organizational Structure Metaphors Kimberly Wylie, 2006-09-04 Seminar paper from the year 2003 in the subject

Business economics Business Management Corporate Governance University of Phoenix language English abstract In today's hyper-competitive world organizations struggle daily to garner and maintain valuable market share Thanks to globalization businesses are experiencing competition from all four corners of the globe It is now common for competitors to operate in completely different environments both internally and externally Despite the increased opportunities offered by globalization it becomes increasingly difficult for some companies to remain competitive As such aspects such as superior subordinate relationships leadership teamwork motivation and conflict management Norris 2000 p 105 become ever more important and each of these hinges upon the organization's structure Organizational structure can be defined as the recurrent set of relationships between organization members Donaldson 1996 p 57 There are four common characteristics for all organizations despite their structure and design They all have some sort of hierarchy of authority They also all have coordination of effort and with this coordination is a division of labor In the end they all also have a common goal the organization is working towards Kreitner Kinicki n d

At the core: Metaphors and Preference Consistency David Busse, 2011-08-26 Master's Thesis from the year 2011 in the subject Business economics Offline Marketing and Online Marketing grade 1 0 Otto von Guericke University Magdeburg language English abstract In 2009 the three academics On Amir Dan Ariely and Leonard Lee published the article In Search of Homo Economicus in the Journal of Consumer Research JCR After having conducted five experiments the conclusion of this article was that people who put more trust in their feelings show more consistent preferences than people who base their decisions on analytics and deliberation Supported was that resulting conclusion of the psychological fundamental that emotions are nothing more than efficient programmes designed by evolution to ensure species preserving reactions on external influences The author of the present paper tested the aforementioned tenor critically by setting up two experiments using the previous work by Amir Ariely and Lee as a basis In the first experiment 131 probands were tested in a second slightly modified experiment 26 persons participated in the experiment After several tests of the collected data material the conclusion of Amir Ariely and Lee cannot be supported In fact data of persons who are assumed to be deliberate thinkers showed lower numbers of errors

Why is it common to use Metaphor and Metonymy in Advertisements? The Case of Deutsche Bank, 2020-10-08 Seminar paper from the year 2020 in the subject Communications Public Relations Advertising Marketing Social Media grade 2 3 RWTH Aachen University Institut für Anglistik und Amerikanistik language English abstract The present paper deals with metaphors and metonyms in advertising With the focus on the following question Why is it common to use Metaphor and Metonymy in advertisements it should be explained step by step why these concepts became common in advertising media Living in the 20th century we are experiencing a huge development in technology compared to the past In the past it was only possible to distribute advertising through television radio and newspapers Nowadays new possibilities are coming up through the expansion of social media

Since almost everybody owns a smartphone most of the people are always available This gives new opportunities to the advertising industry For this purpose the first step is to try to present the complex concept of metaphor in a concise way However this can only be done superficially in the scope of this term paper otherwise the scope of the work will be exceeded Furthermore a short explanation of target and source domain is given In the second chapter the topic of metonymy is then summarized Again it should be noted that an appropriate detailed description would exceed the limits of the work In the third part of the work the actual effect of metaphors and metonyms in advertisements will be illustrated Images from a Deutsche Bank advertising campaign are used for this purpose The first part of this chapter presents the company Deutsche Bank as such This is considered important because the values of the company could be reflected in their campaigns and that aspect therefore would be important for the following analysis This is followed by an analysis of the images used in terms of metaphor and metonymy In the analysis of the metaphors the focus is on target source domain In the last chapter of the paper the work is briefly summarized The results are listed and answered regarding the question posed A short summary forms the end of the work

Metaphors We Drill By? Cristhian Welter, 2010-12-29 Bachelor Thesis from the year 2010 in the subject English Language and Literature Studies Linguistics grade 2 1 Technical University of Chemnitz language English abstract The Deepwater Horizon Oil Spill has caused an ecological disaster of unknown magnitude In this respect the institutions involved in this incident did not have a good standing in public As the major party responsible for the accident BP has been criticized heavily by the people and the government The White House although not directly responsible is also held accountable for the disaster by many folks These two organizations have had to engage in an uphill battle against the media and especially the public Both have made attempts to ease the tensions and to confront the criticism put forward by the American people as well as the global community BP and the White House have made use of speeches and remarks to establish a connection between them and the people In these speeches officials from BP and the President of the United States respectively have made it their goal to inform the public about the latest happenings concerning the Deepwater Horizon Oil Spill and their response efforts Every event of such magnitude is an opportunity for certain parties involved to present themselves from their best side and is therefore exploited accordingly In this respect the speeches serve as linguistic tools to communicate certain images that are intended to be conveyed by their speakers With this in mind this paper will analyze the speeches published by BP and the Obama Administration respectively The ultimate goal is to find out what metaphors are used in the speeches and what images are conveyed through their use It was suggested that both parties have specific agendas that could be uncovered by looking at the use of specific metaphors What can these metaphors and their conveyed images tell the hearer about these agendas Are there certain agendas that the respective parties want to push at all All of these questions mark the essence of this paper First in order to understand the metaphor per se several theories are presented all with their individual approaches to metaphors In this section the Literature Review chapter the questions of

what a metaphor does how it does it and its function are answered according to their respective interpretations Second the Deepwater Horizon Oil Spill will be looked at in more detail in the Background chapter Third the methodological setup will be explained The results of the analysis and their discussion and interpretation can be found in chapters 5 and 6 respectively
