Guide For Preaching:

The Four Pages of the Sermon Paul Scott Wilson, 2010-09-01 Doing justice to the complexity of the preaching task and the questions that underlie it Wilson organizes both the preparation and the content of the sermon around its four pages Each page addresses a different theological and creative component of what happens in any sermon Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself Page Two looks at similar conflict sin or brokenness in our own time Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news Page Four points to God at work in our world particularly in relation to the situations described in Page Two

Preaching Ronald Allen, 2002 Preaching it sounds like such a easy thing to do All you have to do is step into the pulpit and talk for 20 minutes right Anyone who s ever stepped into that pulpit knows that preaching is anything but easy Speaking a word from God that is grounded in the biblical witness theologically responsible and true to contemporary experience is one of the most difficult things one can do Advice on how to do this is as old as preaching itself and there are as many opinions on preaching as there are preachers Where do those who have been called to the ministry of proclamation begin What are the basic understandings and practices that anyone who proposes to preach should know In this new addition to the Essential Guides series Ronald Allen seeks to answer these basic questions about preaching He does so through the use of an inductive method which is simply to say that he starts with a sermon itself and uses that sermon to illustrate the process of moving from the first thoughts about what one will preach to the delivery of an actual sermon itself Each chapter will raise a question about the sample sermon that leads into a broader discussion of the practical and theoretical issues that this particular aspect of the sermon raises e g What is the good news in this sermon What is the significance of this news for the congregation Does the preacher offer a clear and sensible interpretation of the biblical text or the topic

Handbook of Preaching, 2010-11-01 The New Interpreter's Handbook of Preaching is a major reference tool for preaching with articles on every facet of Christian sermon preparation and delivery. This resource is both scholarly and practical. It focuses on the most distinctive feature and greatest strength of homiletics as a discipline. It is rooted in interdisciplinary scholarship and it develops theory geared to practice. Its theory arises out of the study of both excellent preaching past and present and actual sermon preparation and composition. When theory and practice critique each other, it is possible to produce guidelines that assist greater excellence and economy in preaching the gospel. Excellence in standards is an area in which homiletics needs to grow and this project will be both a means to encourage and develop it. A guiding question throughout will be: Will it preach? The answers will be offered in the sense that here is something that works well rather than here is something to try. Preachers will turn to this resource with the expectation that they will find scholarly treatment of topics, brief bibliographies of relevant key books and articles along with practical methodological suggestions for preachers to employ. The contributors are homileticians, preachers, and writers in various disciplines who are committed to the pulpit through practice.

Afflicting the Comfortable, Comforting the Afflicted Glenn L. Monson, 2015-03-25 A classic theology and a contemporary school of preaching come together in this new work. Glenn Monson, an active Lutheran preacher, has taken the substantial concerns of Law and Gospel theologians and combined them with the insights of the New Homiletic School to come up with a guide to sermon development that helps any preacher deliver Law and Gospel sermons in a contemporary way. The author leads the reader through a step-by-step process in thinking about Law and Gospel preaching from exegesis through sermon design to manuscript writing. Multiple examples from assigned lectionary texts are included and several sermons are analyzed in detail. This book will be an invaluable friend of any lectionary preacher for whom Sunday is always coming and who longs to preach classic Law and Gospel sermons in a new and fresh way.
