Walter Van Brunt

Narrative Writing Examples Drug Safety:

Rethinking Causality, Complexity and Evidence for the Unique Patient Rani Lill Anjum, Samantha Copeland, Elena Rocca, 2020-06-02 This open access book is a unique resource for health professionals who are interested in understanding the philosophical foundations of their daily practice It provides tools for untangling the motivations and rationality behind the way medicine and healthcare is studied evaluated and practiced In particular it illustrates the impact that thinking about causation complexity and evidence has on the clinical encounter The book shows how medicine is grounded in philosophical assumptions that could at least be challenged By engaging with ideas that have shaped the medical profession clinicians are empowered to actively take part in setting the premises for their own practice and knowledge development Written in an engaging and accessible style with contributions from experienced clinicians this book presents a new philosophical framework that takes causal complexity individual variation and medical uniqueness as default expectations for health and illness

The Inside Story of Medicines Gregory Higby, Elaine Condouris Stroud, 1997

Liability of Corporate Groups and Networks Christian A. Witting, 2018-01-11 What happens when a corporate subsidiary or network company is unable to pay personal injury victims in full This book sets out to tackle the insolvent entity problem especially as it arises in cases of mass wrongdoing such as those involving asbestos exposure and defective pharmaceuticals After discussing the nature of corporate groups and networks from the perspectives of business history organisation studies and social theory the book assesses a range of rules and proposed rules for extending liability for personal injuries beyond insolvent entities New proposals are put forward for an exception to the rule of limited liability and for the development of a flexible new tort based on conspiracy that encompasses not only control based relationships but also horizontal coordination between companies The book concludes with a general discussion of lessons learned from debates about extended liability and provides guidelines for the development of new liability rules

English in Emergency Medicine Irena Baumruková, 2018-10-24 The new edition of the textbook and exercise book for medical students and doctors covers all the topics presented in the previously published Manual of First Aid volumes 1 and 2 The book is designed for international groups and individuals from the whole world whose mother language is something other than English The word index contains the most important expressions and their pronunciations which can be found on <https://dictionary.cambridge.org> and <https://medical.dictionary.thefreedictionary.com> English teachers as well as students can follow the book from beginning to end or they can choose the most interesting texts according to their needs

Monitoring for Drug Safety William Howard Wallace Inman, 1980

Prenatal and Postnatal Care Karen Trister Grace, Cindy L. Farley, Noelene K. Jeffers, Tanya Tringali, 2023-09-06 Prenatal and Postnatal Care Situate pregnancy in the emotional and physical life of the whole person with this bestselling guide Prenatal and postnatal care are important and dynamic areas in healthcare research and practice The needs of the childbearing person before and after birth are complex and intensely personal combining significant physiological impact with broader emotional needs In order to

supply optimal care providers must account not only for physiological factors but also for cultural social experiential and psychological ones Prenatal and Postnatal Care takes a holistic person centered approach to prenatal and postnatal care Emphasizing the pregnant person and their unique needs this book presents prenatal and postnatal care as foundational care for a healthy start to family life This accessible comprehensive book provides unique knowledge and skills to practitioners so that they can make a positive difference to the people they serve Readers of the third edition of Prenatal and Postnatal Care will also find New chapters covering health equity ethics in perinatal care exercise and more All chapters updated to reflect evidence concerning health disparities and inequities Concrete ways for clinicians to disrupt the systems of harm and exclusion that can mediate care at every level Prenatal and Postnatal Care is essential for midwives nurse practitioners physician assistants and other healthcare providers who work with childbearing people **Clinical Trial Project**
