field **Quality Assessment and Enhancement in Higher Education in Africa** Peter Neema-Abooki, 2022-12-16 This book explores quality assessment and enhancement in higher education in Africa to illustrate the need to develop quality practices in measuring effective education and continually search for permanent improvement. The book demonstrates that technological and socio-economic trends, innovations and inventions of the twenty-first century demand that additional attention be placed upon education for national, regional and international development. Since conventions for quality assessment and enhancement need to be defined and systematic structures constructed to develop quality practices, the book shows how quality in higher education within Africa has been established and advanced to provide a framework for monitoring, auditing and reviewing assessment and enhancement. Though the book considers African complexities and diversity, it incorporates global trends and utilises an international focus that enables readers to devise appropriate strategies for developing and enhancing quality and standards in higher education in both continental Africa and beyond. Illustrating why quality assessment and enhancement should be embraced in all aspects including inputs, processes, outputs and outcomes in educational settings globally, this book will be of interest to policymakers and scholars in the fields of Higher Education, Quality and Global Studies, African Education, African Studies and Management and Administration, Leadership and Professional Development Studies.

Modèle économique du futur 2026 : Médical The Innovation Lab Inc., 2026-01-01. This is a series of 25 industry reports on crypto and business opportunities. The Innovation Lab has based its analysis on 5,000 models of business. The Innovation Lab group specialises in market trend analysis and business model advice, publishing simultaneously a series of 25 sectoral reports anticipating the economic situation of 2026. Why 25 industries? Today, the world of business no longer rests on vague predictions or intuition. That's why The Innovation Lab has made an exhaustive study of more than 5,000 business models from its own analysis platform, NextBM200, in order to analyse quantitatively the mutations of 25 key sectors constituting the global market. Core of the South. Talking about concrete business models rather than grand discourses on the future. This series is not futurology, abstract or high-tech oriented. It focuses on the presentation of cases and data on trends that are concretely on the ground of each industry and proposes business models that companies and individuals can experiment with now. Briefing intelligence for leaders navigating a period of uncertainty. In 2026, your company is it in the fog? Or, better, on a map, chart the blurry forecasts to tackle business models, examine them now. Each year, a number of prospecting works on trends flood the market, but it is rare to find one that provides a clear answer when planners and managers pragmatically demand: Which business model should we concretely test in our sector? The Innovation Lab has taken this need into account.

Cette série s'appuie sur NextBM200 une plateforme propriétaire regroupant de vastes données sur 25 industries et plus de 5 000 modèles d'affaires. Sa plus grande force réside dans le fait qu'elle traite exclusivement de modèles d'affaires rigoureusement validés par les données et non par l'intuition ou de simples conjectures. Cet ouvrage suit la manière dont les mutations macroéconomiques de 2026 se traduisent par des formes concrètes de business au sein de chaque secteur. Au-delà des discours théoriques habituels tels que l'IA est en plein essor ou l'hyper-personnalisation est cruciale, les lecteurs pourront découvrir les modèles de revenus et les structures de services réels qui fonctionnent actuellement sur le marché. Chaque volume présente une analyse détaillée de modèles d'affaires prometteurs, benchmarker ou explorer immédiatement en complément des dernières données de tendances sectorielles. Pour ceux qui recherchent une référence pratique pour leur plan d'affaires de l'année prochaine plutôt que d'une futurologie abstraite, cette série constituera la base de données la plus solide.

Structure clé de l'ouvrage

- 1 Analyse des tendances sectorielles basée sur les données. Analyse et synthèse objectives des schémas de changement observés dans chacune des 25 industries grâce aux données de NextBM200.
- 2 Exploration de modèles d'affaires BM accessibles. Loin des concepts flous, présentation et analyse détaillée de cas de BM concrets dont la viabilité a été prouvée sur le marché ou qui sont en pleine émergence.
- 3 Insights pratiques. Fourniture d'insights centrés sur les structures de revenus et les points d'application permettant aux planificateurs et dirigeants de projeter et tester ces modèles immédiatement dans leur propre activité.

La série Next Business Model 2026 constituera la référence business basée sur les données la plus concrète et utile pour ceux qui conçoivent et déploient des stratégies sur le terrain.
