government *The Not-So-Special Interests* Matt Grossmann,2012-04-11 Lobbyist tends to be used as a dirty word in politics Indeed during the 2008 presidential primary campaign Hillary Clinton was derided for even suggesting that some lobbyists represent real Americans But although many popular commentators position interest groups as representatives of special not public interests much organized advocacy is designed to advance public interests and ideas Advocacy organizations more than 1 600 of them are now an important component of national political institutions This book uses original data to explain why certain public groups such as Jews lawyers and gun owners develop substantially more representation than others and why certain organizations become the presumed spokespersons for these groups in government and media In contrast to established theory and conventional wisdom this book demonstrates that groups of all sizes and types generate advocates to speak on their behalf though with varying levels of success Matt Grossmann finds that the advantages of organized representation accrue to those public groups that are the most politically motivated and involved in their communities Organizations that mobilize members and create a long lasting presence in Washington become in the minds of policymakers and reporters the taken for granted surrogates for these public groups In the face of perennial debates about the relative power of the people and the special interests Grossmann offers an informed and nuanced view of the role of organizations in public representation and American governance [Discrete Event Simulation for Health Technology Assessment](#) J.
