The Integration Nation Adrian Favell,2022-02-08 The notion of immigrant integration is used everywhere by politicians policy makers journalists and researchers as an all encompassing framework for rebuilding unity from diversity after large scale immigration Promising a progressive middle way between backward looking ideas of assimilation and the alleged fragmentation of multiculturalism integration has become the default concept for states scrambling to deal with global refugee management and the persistence of racial disadvantage Yet integration is the continuance of a long standing colonial development paradigm It is how majority white liberal democracies absorb and benefit from mass migration while maintaining a hierarchy of race and nationality and the global inequalities it sustains Immigrant integration sits at the heart of the neo liberal racial capitalism of recent decades in which tight control of nation building and bordering selectively enables some citizens to enjoy the mobilities of a globally integrating world as other populations are left behind and locked out Subjecting research and policy on immigrant integration to theoretical scrutiny The Integration Nation offers a fundamental rethink of a core concept in migration ethnic and racial studies in the light of the challenge posed by decolonial theory and movements
