A person is silhouetted against a sunset over a body of water. In the sky, a large eclipse is visible, with the sun's corona glowing around the dark disk of the moon. The background is a vibrant, colorful sky with a galaxy or nebula visible.

## Humanity English Edition:

*Humankind and Humanity in the Philosophy of the Enlightenment* Stefanie Buchenau, Ansgar Lyssy, 2023-08-24 What makes us human beings Is it merely some corporeal aspect or rather some specific mental capacity language or some form of moral agency or social life Is there a gendered bias within the concept of humanity How do human beings become more human and can we somehow cease to be human This volume provides some answers to these fundamental questions and more by charting the increased preoccupation of the European Enlightenment with the concepts of humankind and humanity Chapters investigate the philosophical concerns of major figures across Western Europe including Montesquieu Diderot Rousseau Locke Hume Ferguson Kant Herder Johann Friedrich Blumenbach and the Comte de Buffon As these philosophers develop important descriptive and comparative approaches to the human species and moral and social ideals of humanity they present a view of the Enlightenment project as a particular kind of humanism that is different from its Ancient and Renaissance predecessors With contributions from a team of internationally recognized scholars including Stephen Gaukroger Michael Forster Cline Spector Jacqueline Taylor and G nter Z ller this book offers a novel interpretation of the Enlightenment that is both clear in focus and impressive in scope Humanity, 1901 **All Too Human** Lydia L. Moland, 2018-08-24 This book offers an analysis of humor comedy and laughter as philosophical topics in the 19th Century It traces the introduction of humor as a new aesthetic category inspired by Laurence Sterne s *Tristram Shandy* and shows Sterne s deep influence on German aesthetic theorists of this period Through differentiating humor from comedy the book suggests important distinctions within the aesthetic philosophies of G W F Hegel Karl Solger and Jean Paul Richter The book links Kant s underdeveloped incongruity theory of laughter to Schopenhauer s more complete account and identifies humor s place in the pessimistic philosophy of Julius Bahnsen It considers how caricature functioned at the intersection of politics aesthetics and ethics in Karl Rosenkranz s work and how Kierkegaard and Nietzsche made humor central not only to their philosophical content but also to its style The book concludes with an explication of French philosopher Henri Bergson s claim that laughter is a response to mechanical inelasticity The Human Being in Action Anna-Teresa Tymieniecka, 2013-11-11 *The Constancy and Development in the Christology of Theodoret of Cyrrhus* Vasilije Vranic, 2015-02-04 In *The Constancy and Development of the Christology of Theodoret of Cyrrhus* Vasilije Vranic offers an assessment of the involvement of Theodoret of Cyrrhus in the Nestorian and Miaphysite controversies of the fifth century Theodoret s Christological language and concepts are examined in their historical contexts The study is based on the comparison between the early period of Theodoret s Christological output *Expositio rectae fidei* and *Refutation of the Twelve Anathemas* and his mature period *Eranistes* Theodoret s Christology is ultimately vindicated and his position as a credible theologian who anticipated the definition of the Council of Chalcedon AD 451 is assured while proposing that challenges to the consistency of his Christology ought to be reconsidered *Humanity* A. van den Beld, 1975 No detailed description
