Chapter 1 Study Questions

Note: Some questions are very straightforward and simply require you to find and report information. These questions will prepare you for possible essay prompts on the exam.

1. What is **communication competence**?
2. What is **self-monitoring**?
3. What is the definition of a principle? (Use the dictionary for this one) In Chapter 1 there are five Communication Principles presented. Based on the definition of **principle** you referenced from the dictionary, how might the **five Communication Principles** be helpful to us in our study of **interpersonal communication**?
4. This question references **"key terms"** which are listed at the end of the chapter and appear in bold print throughout the chapter. List the **7 key terms** found in the **linear model of communication**. (Your answer for this question can be in list form rather than a complete sentence.)
5. List the **5 key terms** found in the **transactional model**.
6. Compare and contrast the linear and the transactional model.
