lessons over a period of 7-9 weeks and students will participate in a minimum of 3 lessons per week. Each lesson ranges in time needed from 20-35 minutes. Lessons focus on either verbal or physical behaviors and engage students by having them participate in activities such as team building, art projects, or role playing. All lessons are focused on using skills and strategies which help them remain in their thinking brain, resulting in making good choices. Most lessons end with a short story tied to the theme of the day. The goal of the Interventionist Manual is to strengthen a school's Tier 2 Interventions. By completing these lessons, your school will see a dramatic decrease in behavior incidents which will hopefully result in a decrease of referrals to special education evaluations. When students stop using their reactive brains and instead learn to use their thinking brains, they are better equipped to make positive decisions for themselves and their school community.
