Terms to know for multiple choice – The following terms may show up in a multiple choice format question. All terms are sourced in the textbook.

### I. Chapter 5 – Utilitarianism

- utility, things that you use/need (utility bills based on how much you use)
  - It asks how useful is any action for achieving something good
  - Allows us to rationalize harm to others - some empathy is possible
  - Empathy sometimes causes us to criticize utility
  - What is its instrumental goodness/ its usefulness
  - Social contract

#### a. Consequentialism

pay attention to consequences first

(Effects, ends) ignores guilt. Focuses on animal nature not human nature

an action is morally required just because it produces the best overall results

#### b. Intrinsic goodness or value

Intrinsic value is violated when we treat people as useful or instruments

Just is good in itself

#### c. Principle of Utility

(categorical rules always start with always) ALWAYS act to produce the greatest good for the greatest amount of people, and least harm for the smallest number of people

Jeremy Bentham is the parent of utility theory

- Anything goes principle
- Do whatever you have to to ensure the greatest good theory

No obligation to eliminate harm, just need to work on limiting it
