I'm Sorry About the Clock Thomas Pendleton,1993 Pendleton that virtually none of these temporal incoherences seem to have been noted before Moreover this study departs from the critical consensus that the earlier drafts of the novel are evidence of Fitzgerald s consummate artistry Among the discoveries presented here are that Fitzgerald made no use of the 1922 calendar that he did not work out the novel s time scheme until after completing about half of the manuscript version possibly because he intended Gatsby to be

much longer and that quite probably he attempted to disguise at least some of the book's temporal misplacements and contradictions. Further, this study shows that even the most praised of Fitzgerald's revisions, his relocation of materials dealing with Gatsby's past so as to gradually reveal his secret, was apparently without exception accompanied by faulty temporal connections to the plot line.

Beyond Literary Chinatown Jeffrey F. L. Partridge, 2007. American Book Award Winner. Before Columbus Foundation. The phenomenon of literary Chinatown, the ghettoization of Chinese American literature, was produced by the same dynamics of race and representation that ghettoized the Chinese American community into literal Chinatowns. In a 1982 response to reviews of *Woman Warrior*, Maxine Hong Kingston pinpointed the crux of the matter: How dare they make their ignorance our inscrutability? Jeffrey F. L. Partridge examines the dynamic relationship between reader expectations of Chinese American literature and the challenges to these expectations posed by recent Chinese American texts, challenges that push our understanding of a multicultural society to new horizons. Partridge builds on the concept of a reading horizon, a set of expectations and assumptions that a reader brings to a text to explore the crucial interplay between reader, author, and text. Arguing that authors like Kingston, Li Young Lee, Gish Jen, Shawn Wong, Shirley Geok-lin Lim, and David Wong Louie are aware of their readers' horizons and write to challenge those assumptions, Partridge demonstrates how their writings function as a potent medium of cultural transformation. With attentive readings, not only of literary texts but also of book reviews and publishers' marketing materials, Partridge enables us to chart and to understand the changes in Chinese American literature and its reception in the past fifty years. In doing so, he threads a new path forward in the discussion of race and ethnicity in America, one that encompasses the historical valence of multiculturalism and the cross-fertilizing perspectives of postmodern hybridity theory while remaining cognizant of the persistence of racist and racialized thinking in contemporary American society. *Beyond Literary Chinatown* demonstrates how Chinese American literature has come to negotiate the tensions between the expression of ethnic identity and a resistance to racialization. This important contribution to the growing body of critical works on Asian American literature will be of interest to reception theorists and scholars of American ethnic studies and American literature.
