COURSE DESCRIPTION: *(Prerequisite waived)* A course designed for the student who is comfortable with (1) performing arithmetic operations without a calculator and (2) solving linear equations in one variable. This course will broaden the student's algebra skills to include solving linear inequalities in one variable, polynomial factoring, solving quadratic equations, laws of exponents, rational & radical expressions, and graphing of lines. Problem solving involving real-life scenarios is an integral part of this course. This course will teach the student to understand and communicate concepts of algebra in the language of mathematics, both orally and written. This course enhances the student's problem-solving skills, and helps prepare the student for college-level mathematics and mathematics-based courses. It is nontransferable. Due to the nature of this course, calculators are not permitted.
