

## Grant Application Guide

1. To begin the grant application process, thoroughly review the foundation's initiatives. In addition to providing an overview of our grant-making priorities, each initiative, as well as each region, includes detailed "For Grant Seekers" information; this is the most current guide to the type of work and organizations we fund.
2. We also urge you to read this entire document. Our grant-review process is thorough and comprehensive, and the information below will help you better understand our approach to grant making.
3. Once you have completed both of these steps, you are ready to submit an online grant inquiry.

### **How We Make Grants**

The Ford Foundation is committed to achieving lasting change that transforms people's lives. Through our grant making, we support innovative thinkers, leaders and organizations that are working to reduce poverty and injustice and to promote democratic values, free expression and human achievement. When making grants, we think about long-term strategies, knowing that lasting social change requires decades of effort. And because our mission is broad and our resources are limited, we carefully target our support so it can be used most effectively and leverage the greatest amount of impact.

To that end, program teams working on each of our initiatives consult with practitioners, researchers, policy makers, current and potential grantees, and others to identify areas where the foundation's resources are needed most. The teams then pinpoint specific approaches grantees might undertake—program exploration, advocacy, litigation or capacity building, to name just a few—to help achieve the social change we have identified. (See our grant-making approaches for a full list.) The teams also determine key benchmarks for progress and the amount of funding to be dedicated to each approach.

After the approaches, benchmarks and budget are set, the team begins to make grants within the agreed-upon parameters. When making grants, the team looks for new ideas and effective organizations that can help advance the work of a particular initiative, as well as for evidence that the people and organizations are likely to succeed in their project. Program teams regularly provide reports to the foundation's board of trustees about progress made on each initiative.

### **What We Don't Fund**

As described above, we take varied approaches to our work, but there are a number of areas frequently inquired about that we do not support. We do not award undergraduate scholarships or make grants for personal needs or business assistance. We also do not fund health care, vehicle purchase, student loan repayment or inventions. Except for limited grant making through our Good Neighbor Committee to local institutions located near the foundation's New York headquarters and 10 regional offices, we also do not generally support after-school programs, athletic leagues, orphanages or elder care.

### **Applying for a Grant**

You may apply for a grant by visiting the Grants section of our Web site and submitting an online grant inquiry.

You will be asked to indicate the region where your work will be pursued. If your work benefits more than one geographic area outside of the United States, you should apply for a global grant, which covers multiple regions. You will also be asked to provide basic information:

- Contact information for yourself and your organization
- Brief description of your organization
- List of those who would carry out the project
- Description of the purpose of the project and the issues/problems it is intended to address
- Estimated project budget and time frame
