Department of Human Resources, Science and Technology, *International Books in Print* ,1997 *Distance Students' Readiness for an Online Information Literacy Programme* Legobole Boquin Rantlha,2017 This dissertation reports on a study of the self reported readiness of

undergraduate first year students at a very large distance teaching institution the University of South Africa Unisa The Unisa library does not offer an online information literacy programme for distance students and has not conducted surveys on students needs and their readiness for using online information resources and an online learning management system The main research question thus was What are the information seeking behaviour and the readiness of Unisa distance students in using and accessing the library online resources Sub questions were What has been reported on information literacy and information literacy programmes for distance students with special reference to online programmes What has been reported on virtual learning environments with specific reference to distance education What are the students self rated perceptions of their information literacy skills What are the students information seeking behaviour and preferences in using online information resources What are the students self rated perceptions in using an online learning management system in a virtual learning environment The Unisa School of Accountancy served as case study All students enrolled for first year modules in the School of Accountancy including the Departments of Auditing Financial Accounting Management Accounting and Taxation were invited to participate in the survey Data collection occurred in July and August 2015 by means of a self administered semi structured online questionnaire survey In total 587 students responded resulting in 525 usefully completed questionnaires Most of the students were geographically remote from the institution and the library and its branches The study collected mostly descriptive quantitative data with limited qualitative data The quantitative data were analysed by means of a statistical package SAS JMP version 12 and the qualitative data by means of thematic analysis The questionnaire covered self reported information seeking behaviour when using the library s online resources whether students had received training on information literacy skills and if these skills were effective enough to assist them to locate and access the library s diverse online information resources relevant to their studies It also collected data on their readiness to use an online learning management system The limitations of self reporting are acknowledged in this case it was considered appropriate to determine lack of skills Although the findings cannot be generalised to all Unisa or all distance students they can inform recommendations on the need for an online information literacy skills programme for distance students and methods to conduct similar studies of students readiness to use such a programme Respondents lacked information literacy skills that could enable them to access or use the online library resources from a distance They lacked skills in using the virtual learning environment system experienced problems in accessing the library from a distance could not use databases to access online full text articles and were often not aware of the library website and how it could be used It is recommended that the Unisa library consider developing an online information literacy programme that adheres to international standards and guidelines for information literacy and that this be informed by the needs expressed by students from diverse disciplines and study years and their self reported information seeking behaviour For distance students a programme must be available through a virtual learning environment and this must be linked to the library s website and

Learning Programmes Unisa 2015 Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Learning Programmes Unisa 2015 free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Learning Programmes Unisa 2015 free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Learning Programmes Unisa 2015 free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Learning Programmes Unisa 2015. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic

literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Learning Programmes Unisa 2015 any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Learning Programmes Unisa 2015 Books

1. Where can I buy Learning Programmes Unisa 2015 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
