

# LSAT Secrets Study Guide

## Includes LSAT Practice Test Questions

*How to Ace the Law School Admission Test (LSAT), using our easy step-by-step LSAT study guide, without weeks and months of endless studying...*

Dear Friend,

On a beautiful late spring afternoon, this past year, a young woman received the devastating news. She had just gotten back her score on the LSAT test. It was not what she had hoped for. In fact, it was not even close to the expectations she had and what she thought her 4.0 grade point average would help her score on the LSAT test.

The worst part was that she knew that she could never get into the prestigious law school she had planned to go to with a LSAT test score that low.

Then she remembered her friends and felt even worse. All of her closest college friends had already gotten their LSAT test scores back and would easily get accepted into the law school they all planned to attend together. She had been procrastinating about taking the LSAT, because she hated standardized tests, and this only confirmed her hatred.

"Why do you have to take the LSAT to get into law school?" she angrily wondered.

She didn't look forward to having to tell the embarrassing news to her friends. "What would they think of her?" she thought, eyes brimming with tears, as she imagined her friends starting law school without her and the isolation and exclusion of being the one left behind.

## **How to Solve the Problem**

Unfortunately, this hypothetical situation occurs all the time. Someone thought they were going to the law school of their choice, told all of their friends, made plans for the future, and then got an embarrassing reality check from their score on the LSAT test.

Contrary to popular belief, the LSAT is not a measure of your academic performance, which is why students with a perfect 4.0 GPA rarely have a perfect score on the LSAT exam.

The LSAT is quite simply a measure of how well you did on the LSAT, which can be broken down into individual subtest scores on the Reading Comprehension, Analytical Reasoning, and Logical Reasoning tests, plus the Writing Sample.

Law schools use the LSAT test as a standardized measuring stick to determine who gets admitted and who benefits from the best scholarships they may have to offer. While it may not be fair, a student's entire academic career in college can be completely overshadowed by a single score on the LSAT test.
