**Call of Duty User Guide** John West,2023-12-05 Call of Duty Modern Warfare 3 concluded the monumental first person shooter trilogy in 2011 capping off pivotal storylines for series icons Captain Price Soap and villain Makarov with globe spanning missions in New York Paris and beyond Over a decade later rumors of enhanced remasters recreating these explosive campaign events for modern PlayStation 5 consoles remain unfulfilled Activision is focused on rebooted

continuations like 2019's *Modern Warfare* and 2022's sequel rather than revisiting the past generation peak that defined PS3 era *Call of Duty* prestige. Current timeframe also makes a from the ground up MW3 remake project unlikely as an immediate next gen launch title. So for now PS5 owners have no means of re-enjoying the dramatic tear-jerking finale to Price and Soap's saga and quest for vengeance against Makarov in stunning 4K resolution. The door isn't fully closed on a return down the road as nostalgia builds. But 2011's most impactful shooter conclusion firmly resides in the shadows of gaming memory rather than PlayStation's latest hardware ray tracing present. Reliving MW3 likely remains years away even if smoke continues billowing out from Price's eternal cigar.
