Approach	By investigating this topic on a local scale and linking it to broader patterns of global indigenous assimilation, the essay examines the consequences of the Norwegianization of the Sami people. Framed within an interdisciplinary approach, referring to social and cultural anthropology and global politics, the essay applies key concepts of both DP subjects and draws from secondary sources and ethnographic interviews as primary data. An integrative synthesis sheds light on this issue of global significance.

Topic	Health and development: economic growth and obesity
Research question	How has globalization contributed to dietary changes and obesity in developed and developing countries?
