Fahrenheit 451

Introduction

The book "Fahrenheit 451" can be considered as a futuristic novel that tells about the future and how various aspects such as technological developments have had an impact on the society (Otten, 1990). The author observes that people in the futuristic society are lazy and do not read books, spend quality time alone or even think as independent minds and do not have conversations which can be considered as meaningful. It is a society of people that watch too much of television and listen to a lot of radio which takes up most of their time. Based on the views of the author, can it be concluded that technological developments have had adverse effects on human race?

Throughout the novel, the author depicts several themes one of them is that of censorship. The censorship that is depicted in this book is that on read of books whereby books are banned in the future (Bloom, 2007). This is contributed by categories of factors such as lack of interest and hostility of the people towards books. The symbol presented in this novel is that of a mirror which is used to portray a sense of having self-realization and understanding. The fire Captain is portrayed as a literary expert because of the way the captain flues the fire instead of being the one to put it out. The Captain goes contrary to expectations of a fireman. The choice of those final words is as a result of Beatty standing her ground and daring Montag to take his life through the use of literature (Hiner, 2001).

The problem with the leisure concept as presented by Montag is that it is not in existence in the real world. The people, as depicted in the novel are engrossed in television viewing as well as listening to the radio without any quality information, which is only in the books. By the end of the novel, Bradbury succeeds in establishing his idea (Bradbury, & Bloom, 2008). This is due to the reason that the concepts and views that he puts forward in the novel are still applicable in the modern society despite having written the book many years ago. The modern society is overflown with technological developments which have changed the thinking of people about leisure and what needs to be done during leisure, therefore, showing that Bradbury succeeded in putting forward his idea of leisure.

Clarisse is seen as a young and beautiful seventeen-year old girl who influences Montag and introduces him to a new potential of the world in terms of beauty. Clarisse appears as an innocent and curious girl who impacts on the life of Montag. She helps in the set-up of the whole framework of the novel because of her odd characters which makes her to be viewed as an outcast in the society. Clarisse loves hiking, asking a lot of questions as well as playing, something that the society views as quite odd habits for a teenager. The happiness depicted through Clarisse and her...
