Elsevier's Medical Laboratory Science Examination Review is a brand new resource that offers all the review practice and support you need to prepare for either the MLS or MLT certification examination. Each chapter in the book offers a thorough review on one of the core areas of Medical Laboratory Science as outlined by the ASCP Board of Certification. Practice questions are also featured at the end of each chapter and explanations and rationales for each correct answer appear at the end of the text. Plus an eight page full color insert displays photomicrographs of hematological and microbiological specimens exactly as they appear under the microscope and on the MLS and MLT certification exams. A mock certification exam is included in the print book as well as online at the companion Evolve website which also houses additional practice questions totaling 1 000 questions in all. Inclusion of both MLS and MLT level content and questions enables the book to be used for both certification exams. Print mock exam at the end of the book contains 100 certification examination preparation questions. Content reviews in outline form enables each topic to be easily reviewed but covered in an appropriate depth. Online mock exams on the companion Evolve website include all the practice questions from the book plus additional unique questions that can be used to create mock exams for extra practice. Eight page full color insert within the book features 50 illustrations that show hematological and microbiological photomicrographs. Test taking tips and suggestions discuss the exam how it's set up and scored when to answer guess and not answers questions how to identify distracters and more.
