Coach-Branding-Letter & Resume-Writing Service Anne Hart, 2005-10-07 Here's how to start your personal service business. Develop an icon logo and motto for your coaching clients. As a job or career coach, an executive coach, or a life coach, you will be presenting and classifying your clients' competencies, writing resumes, cover letters, and creating a wide variety of business correspondence including sales letters, news releases, and direct mail copy. You will be planning events for your clients and their prospective employers. You'll need to really work a room to find clients, as well as niches or jobs for clients when networking at professional associations and trade shows. Most frequently, you'll be asked to write, evaluate, and repackage resumes, cover letters, and other summaries of qualifications of your clients. A resume is a summary of qualifications. A career coach helps clients find success by taking step-by-step, detailed, concrete strategies that solve specific problems, get results, and reach a defined goal. A resume-writing business online can be combined with a career coaching enterprise. The steps are outlined here for you to follow in chronological order to open and operate a resume-writing service business and also a career coaching enterprise online from your home, mobile location, or office. You can telecommute online and still help people find direction by offering information, training, or consulting services. Here's how to open an online business at home, presenting and packaging your clients' competencies. Make your living writing resumes, business letters, and being a job coach. Help clients obtain appointments for interviews that may eventually lead to finding work. Write and repackage resumes and all types of business correspondence from cover letters and follow-ups to direct mail or trade show sales letters.

American Rehabilitation, 1993 *Traumatic Brain Injury Rehabilitation* Robert Fraiser, David C. Clemmons, 1999-09-29 Addressing the critical issues in community re-entry in a very practical manner, this book is suitable for all members of a community re-entry or brain injury rehabilitation team. *Traumatic Brain Injury Rehabilitation: Practical Vocational Neuropsychological and Psychotherapy Interventions* provides innovative guidelines for allied health members of the traumatic brain injury rehabilitation team with information to help achieve more successful vocational and psychosocial outcomes. The book provides a very clear overview of critical components of neuropsychological information and the use of this information in vocational planning, examples of functional areas of cognition and neuropsychological assessment, the linkages between cognitive and behavioral impairments, the different categories of assistive technology, psychotherapy, and behavioral interventions, as well as successful vocational interventions and models of work access, including methods of supported employment, the development of a tailored job coaching program, and the specifics of utilizing natural supports.
