- (1) cancel

Read the passage given below and answer the questions 11 to 13:

A roof over one's head is a dream that every human being aspires for. While the rich and famous create palatial abodes for themselves, the poor man tries to build himself and his family a shelter be it only a plastic tent. Housing, at one time was never an issue in the Indian context. The joint family system meant that there was one house for the entire family and all the family members lived in the family home. The trend of migration to cities for jobs first raised the issue of a house for a family. The advent of the nuclear family system further exacerbated the situation with parents and children living away from each other. Rising concentration of people in urban areas also resulted in an increase in the number of people living in slums and squatter settlements. Affordable housing has, thus, become one of the biggest challenges of the present times. Planning for a home has become imperative for the younger generation today who are often forced to begin their career with the quest for a permanent home for themselves. Skyrocketing prices of land and real estate in urban areas have made houses unaffordable. Ever rising rents, fleecing builders, unapproved land use, sub standard building material etc have all widened the gap between supply and demand.

11. “_____ exacerbated _____” (line 7) here means-

- (1) Aggravated
- (2) Embittered
- (3) Produced
- (4) Created
