Factory Production Control (FPC) Certification

Certification

Factory Production Control (FPC) Certification for structural steel or aluminium construction components according to EN 1090-1.

Starting from 1 July 2014 you will be required to comply with specific legal obligations, applying to all steel and aluminium construction products you market.

The legal requirements for steel or aluminium construction components are governed by the European Regulation EU 305/2011 laying down harmonised conditions for the marketing of construction products and the harmonised standards from the EN 1090 series (Eurocode).

Based on the "system 2+" (FPC 2+), the Factory Production Control certificate entitles you to feature the required "CE" marking on your structural steel or aluminium construction components and draw up a related declaration of performance.

Vincotte offers a comprehensive package of inspections for achieving certification. Vincotte is your key partner for the certification of steel and aluminium construction products.

We help to enhance your reputation. We are duty-bound to ensure your products meet the legal requirements.

Target group

Our services are available for all manufacturers of aluminium construction products, for both large and small companies.

Our services reinforce your reputation.

Our services provide you with the following advantages:

- A suitable application of the legal requirements for your construction products.
- Clarity about the compulsory nature or otherwise of the "CE" marking and drawing up the required declaration of performance for all your structural steel or aluminium construction products.
- Obtaining the legally imposed FPC certificate when you meet all the requirements.
- Avoiding getting involved in legal proceedings, as a result of marketing construction products that do not meet the requirements.
- Satisfied customers thanks to your products meeting the legal requirements.
- A firmly based market position thanks to the indispensable FPC 2+ certificate.

Vincotte can offer you a total package of services within the framework of the EN 1090 standard, such as:

- EN ISO 3834 certification in accordance with the requirements of the International Institute for Welding (IIW).
- Welder qualifications in accordance with EN 287-1, ISO 9806-2, ASME IX or others.
- Welding procedure qualifications in accordance with EN ISO 15614-1, ASME IX or others.
- Making or verifying calculations.
- Coating examination and inspection.
