

What is CAT4?

The *Cognitive Abilities Test (CAT)* is a suite of tests that assesses a student's reasoning (thinking) abilities in key areas that support educational development and academic attainment. *CAT4* is the fourth edition of the test and comprises the following sections or batteries which assess different aspects of ability:

Verbal Reasoning Battery – thinking with words

Verbal Classification

Three words are presented which are similar in some way or ways. From a selection of five possible answers, the student must identify a fourth word with similar properties.

The answer is snow because rain, fog and sunshine are all types of weather and snow is also a type of weather.

rain fog sunshine

winter	snow	weather	dark	night
--------	------	---------	------	-------

Verbal Analogies

A pair of connected words is presented alongside a single word. From a selection of five possible answers, the student must select a word to complete the second pair in the same way.

The answer is window, because a carpet goes on a floor and a curtain hangs at a window.

carpet -- floor : curtain --

window	shade	hang	drapes	cloth
--------	-------	------	--------	-------

Quantitative (or Numerical) Reasoning Battery – thinking with numbers

Number Analogies

Two pairs of related numbers are presented. From a selection of five possible answers, the student must select a number to complete a third pair.

The answer is 8. Here 1 add 1 makes 2, but that doesn't work for the second pair because 5 add 1 is 6, not 10. Instead, you have to multiply by 2 to get the second part of each pair, so 4 times 2 is 8.

11 -- 21 15 -- 30 14 -- ?

5	7	8	9	10
---	---	---	---	----

Number Series

A sequence of numbers created by a transformation rule is presented. From a selection of five possible answers, the student must identify the rule and continue the sequence.

The answer is 15. There are two number patterns in this series. The first, third and fifth numbers go down by 1 at a time – 18, 17 then 16. The numbers in between them go up by two at a time – 5, 7 then 9. This means the next number must be 16 minus 1, giving 15.

18 5 17 7 16 9 --

11	12	13	14	15
----	----	----	----	----

Grade 7 Cat Test Practice

Wenbin Ji

Grade 7 Cat Test Practice:

Eventually, you will entirely discover a supplementary experience and completion by spending more cash. nevertheless when? attain you assume that you require to get those all needs later than having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to comprehend even more all but the globe, experience, some places, taking into consideration history, amusement, and a lot more?

It is your unconditionally own grow old to pretend reviewing habit. accompanied by guides you could enjoy now is **Grade 7 Cat Test Practice** below.
