group of his friends together in secret they build a space craft travel to the back side of the moon the side that never shows toward earth and build an underground colony well before Neil Armstrong shows up Over the next forty years they secretly bring 2000 additional African Americans to the moon and develop a Utopian society with advanced science and medicine they are healthier and live longer than their cousins on earth Discoverys story begins in 2001 and tells of the circumstances that lead the United States of America to discover that these African Americans have been living on the moon for nearly half a century and what happens in this country as a result

Food Sanity Dr. David Friedman, 2018-02-20 During his 25 years as a holistic practitioner and health expert on syndicated TV and radio Dr David Friedman has interviewed hundreds of world renowned doctors and best selling authors From proponents of a Vegan Paleo Mediterranean Diet Keto to a Gluten Free and Low Carb Diet the opinions are as different as night and day After becoming frustrated with all the conflicting research and opinions Dr Friedman wrote Food Sanity which explores all the fads facts and fiction Using a common science meets common sense approach this groundbreaking book finally answers the question what should we be eating In this International award winning 1 best selling book Food Sanity shares never before heard nutritional and dieting advice that will ensure they get the maximum benefits from their food and dietary supplements Unfortunately people can't solely rely on scientific studies because those can change sometimes weekly Plus many of them are bought and paid for Dr Friedman breaks through the culinary conundrum and offers an easy to follow blueprint to getting healthy losing weight and preventing disease

Correcting the Code Larry Thompson, 1994 When Dr French Anderson researcher and physician at the National Institutes of Health assembled the team that injected a young girl from the suburbs of Cleveland with a special solution of white blood cells he ushered in a brave new world of science and medicine Those cells were genetically altered or corrected to produce a critical enzyme necessary to create a fully functioning immune system which his young patient was born without The age of human gene therapy had arrived Along with it will come the molecular cures for cancers and heretofore incurable conditions such as cystic fibrosis perhaps even AIDS Correcting the Code is the eminently readable and remarkable story of the handful of doctors and researchers who deeply believed they could break one of the last barriers in medicine repairing human genes that cause illnesses Even before Watson and Crick successfully modeled DNA the idea of changing the genetic composition of humans had long been a scientific Holy Grail despite the stain of eugenics and the public phobia of genetic engineering gone amok Over the last twenty years as the pace of research has accelerated laboratories have entered a sort of race to claim the final breakthrough to be the first to successfully treat a human patient The story of that frenzied research contains the great scientific upheavals in the field of biology including a new understanding of how specific molecules interact to compose living cells that make up the human body This is the riveting account of how a great scientific puzzle finding a way to repair actual human molecules was solved of the intellectual and political milieu in which it occurred and of the remarkable people who committed their lives to the task Anderson Michael Blaese Ken Culver Richard Mulligan and

others Author Larry Thompson makes the seemingly indecipherable world of genetic science understandable to the general reader Furthermore he unravels a dramatic story of inspired invention frustrating dead ends the clash of egos the fits and starts of innovation that reveal how science is conducted in the real world BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
