*Media, Diaspora and Conflict* Janroj Yilmaz Keles, 2015-08-21 For migrant communities residing outside of their home countries various transnational media have played a key role in maintaining reviving and transforming ethnic and religious identities A vital element is how media outlets report and represent ethno national conflict in the home country Janroj Yilmaz Keles here examines how this plays out among Kurdish and Turkish communities in Europe He offers an analysis of how Turkish and Kurdish migrants in Europe react to the myriad mediated narratives A vital element is how media outlets report and represent the ethno national conflict between the Turkish state and the Kurdish PKK Janroj Yilmaz Keles here offers an examination of how Turkish and Kurdish migrants in Europe react to the myriad narratives that arise Taking as his starting point an analysis of the nature of nationalisms in the modern age Keles shows how language is often a central element in the struggle for hegemony within a state The media has become a site for the clash of representations in both Turkish and Kurdish languages especially for those based in the diaspora in Europe These virtual communities connected by television and the internet in turn influence and are influenced by the way the conflict between the Turkish state and subaltern Kurds is played out both in the media and on the ground By looking at first second and third generations of Turkish and Kurdish populations in Europe Keles highlights the dynamics of migration settlement and integration that often depend on the policies of each settlement country Since these settlement states often see the proliferation of such media as an impediment to integration *Media Diaspora and Conflict* offers timely analysis concerning the nature of diasporas and the construction of identity

**What Hangs in the Balance** Philippe Johnson, 2025-01-07 The actions or inactions of elected and appointed leaders determine whether the people they serve flourish or suffer What hangs in the balance is not just quality of life but often life itself Unprincipled and unethical leadership puts at risk mission accomplishment good governance public trust in democratic institutions national security and even the rule of law Over the course of Philippe Johnson's twenty four year career as a United States Air Force officer he learned to appreciate how flawed and ineffective leaders can still provide valuable lessons for all of us His thorough and candid analysis of Donald Trump's social media posts and conduct as president and how they were an aberration in both style and substance sets a foundation for leaders to embrace and implement myriad leadership traits and competencies required for success in public and private sector organizations Rather than criticizing specific policies Johnson's analysis focuses on leadership evaluation and practical imperatives for embracing each of the competencies Including insights from contributing subject matter experts and the wisdom of contemporary and historical luminaries Johnson provides a fascinating and sobering leadership critique in which

readers will Discover why character traits such as humility empathy respect for dignity and self control matter in every arena and bolster crucial leadership competencies Appreciate how one s fundamental leadership responsibilities promote core values and defend democratic principles and institutions Take away positive examples of seeking counsel and expertise that support sound decision making Understand how trust and accountability are fostered through disciplined and ethical behavior Experience and benefit from real world examples of what not to do while also being inspired by recent examples of courageously selfless leadership Differentiate between principled and unprincipled loyalty while countering undue influence and abuse of authority Experience behaviors associated with three personality disorders that undermine selfless leadership and create toxic workplaces A nation s citizens need and deserve exceptional leadership By providing guidelines for principled ethical competent and courageously selfless leadership What Hangs in the Balance leaves readers well poised and inspired to positively and profoundly impact the lives of those they serve Cornell International Law Journal ,2000
